Important Safety Instructions

● Do not connect this product to an ungrounded outlet.
● Do not use with extension cords.
● Do not exceed electrical ratings.
● Use in dry locations and indoors only.
● Do not use the product if the plug is broken.
● The disconnection from line voltage is made by AC plug.
● Do not connect this product to other power strips.
● Do not cover this product when in use.
● If you want to clean the product, only use a dry cloth or brush.
● Install this product away from heat-emitting appliances such as radiators.
● Keep children away from this product.
● The product is not intended to be repaired by service personnel in case of failure or component defect (please dispose it directly).
● Caution: The bottom surface of the product may become hot when charging for an extended period. Please refrain from touching the bottom surface for more than 1 second.
