Package Contents

1 × Smart Air Purifier
1 × 3-Stage Original Filter (Pre-Installed)
1 × User Manual
1 × Quick Start Guide

Specifications

Power Supply	AC 120V, 60Hz
Rated Power	38W
CADR (CFM)	Smoke: 231 Dust: 240 Pollen: 259
Operating Conditions	**Temperature:** 14°–104°F / -10°–40°C
	Humidity: < 85% RH
Noise Level	24–52dB
Dimensions	10.8 × 10.8 × 20.5 in / 27.4 × 27.4 × 52 cm
Weight	11 lb / 5 kg

Note: *To access additional smart functions, download the free VeSync app (see page 7).*

READ AND SAVE THESE INSTRUCTIONS

SAFETY INFORMATION

To reduce the risk of fire, electric shock, or other injury, follow all instructions and safety guidelines.

General Safety

- **Only** use your air purifier as described in this manual.
- **Do not** use without removing the plastic wrap from the filter. The air purifier will not filter air, and may overheat, causing a fire hazard.
- **Do not** use the air purifier outdoors.
- Keep the air purifier away from water, and wet or damp areas. **Never** place in water or liquid.
- **Do not** use in excessively humid areas.
- Keep the air purifier away from heat sources.
- **Do not** use where combustible gases, vapours, metallic dust, aerosol (spray) products, or fumes from industrial oil are present.
- Keep 1.5 m / 5 ft away from where oxygen is being administered.
- Supervise children when they are near the air purifier.
- **Do not** place anything into any opening in the air purifier.
- **Do not** sit on or place heavy objects on the air purifier.
- Keep the inside of the air purifier dry. To prevent moisture buildup, avoid placing in rooms with major temperature changes or underneath air conditioners.
- **Always** unplug the air purifier before servicing, cleaning or any other maitenances (such as changing the filter).
- **Do not** use the air purifier if it is damaged or not working correctly, or if the cord or plug is damaged. **Do not** try to repair it yourself. Contact **Customer Support** (see page 22).
- This appliance is not intended for used by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they **do not** play with the appliance.
- Cleaning and user maintenance shall not be made by children without supervision.
- **WARNING:** To reduce the risk of fire or electric shock, **do not** use this air purifier with any solid-state speed controls (such as a dimmer switch).
- Not for commercial use. Household use **only**.
- **WARNING:** To Reduce The Risk Of Fire, Electric Shock Or Injury To Persons, Do Not Use Replacement Parts That Have Not Been Recommended By The Manufacturer (e.g. Parts Made At Home Using A 3D Printer).

Power & Cord

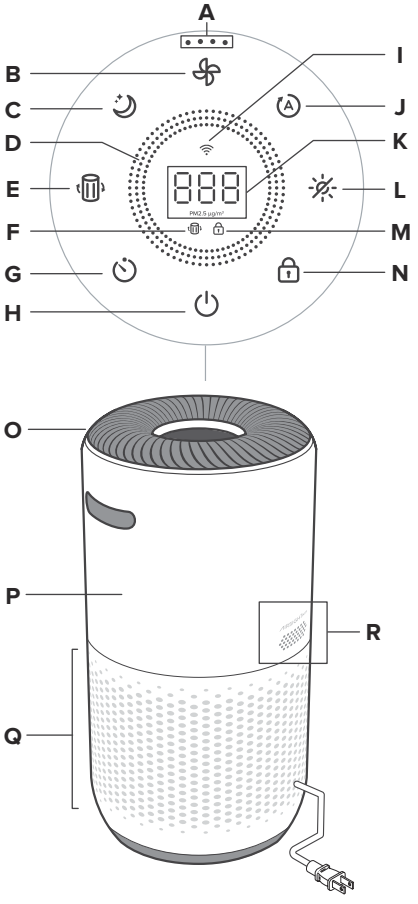

- Keep the air purifier near the outlet it is plugged into.
- **Never** place the cord near any heat source.
- **Do not** cover the cord with a rug, carpet, or other covering. **Do not** place the cord under furniture or appliances.
- Keep the cord out of areas where people walk often. Place the cord where it will not be tripped over.
- If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.
- This appliance has a polarized plug (one blade is wider than the other). To reduce the risk of electric shock, this plug is intended to fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. **Do not** attempt to defeat this safety feature.
- This air purifier uses standard North American 120V, 60Hz outlets. If using outside the US or Canada, check for compatibility.

Electromagnetic Fields (EMF)

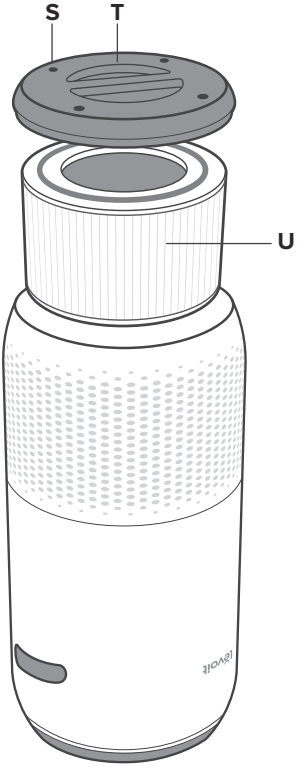

Your Levoit air purifier complies with all standards regarding electromagnetic fields (EMF). If handled properly and according to the instructions in this user manual, the appliance is safe to use based on scientific evidence available today.

GETTING TO KNOW YOUR SMART AIR PURIFIER

A. Fan Speed Indicators
B. Fan Speed Button
C. Sleep Mode Button
D. Air Quality Indicator Rings
E. Check Filter Indicator Reset Button
F. Check Filter Indicator
G. Timer Button
H. On/Off Button
I. Wi-Fi® Indicator
J. Auto Mode Button
K. PM2.5/Timer Display
L. Display Off Button
M. Display Lock Indicator

Front, upside down

CONTROLS & DISPLAY

On/Off Button
- Turns the air purifier on/off.
- Press and hold to configure the air purifier. See the VeSync in-app instructions for more information.
- Press and hold to reset the air purifier and disconnect from Wi-Fi (see page 7).

Air Quality Indicator Rings
- These indicators use an automatic sensor to display the air quality: Blue (Very Good), Green (Good), Orange (Moderate), and Red (Bad).

Wi-Fi® Indicator
- Turns on, off, or blinks to indicate pairing status. See the VeSync in-app instructions for more information.

Fan Speed Button
- Cycles through fan speeds: low (1 indicator will light up), medium (2 indicators), high (3 indicators), and turbo (4 indicators).
- Tapping the Fan Speed Button while the air purifier is in Auto Mode or Sleep Mode (if the display is on) will exit that mode.

Sleep Mode Button
- Turns Sleep Mode on (see page 8).

Timer Button
- Cycles through timer options (see page 9).
- Press and hold for 2 seconds to begin cycling through the timer options in 1-hour increments.

Auto Mode Button
- Turns Auto Mode on. (see page 8).

Display Off Button
- Turns the display off (see page 9).
- Tap any button (except) to turn the display back on.

Display Lock Button
- Prevents current settings from being changed (see page 9). Press and hold for 3 seconds to turn Display Lock on/off.
- The Display Lock Indicator ( ) will blink when any other button is tapped to indicate that Display Lock is on.

Check Filter Indicator Reset Button
- Press and hold for 3 seconds to reset the Check Filter Indicator.
- The Check Filter Indicator lights up when the filter should be checked (see page 13).

GETTING STARTED

1. Flip the air purifier over or turn it on its side. Twist the filter cover counterclockwise and remove it. *[Figure 1.1]*

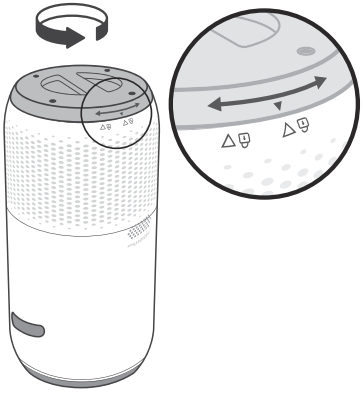

Figure 1.1

2. Remove the filter from its plastic packaging and place the filter back into the air purifier. *[Figure 1.2]*

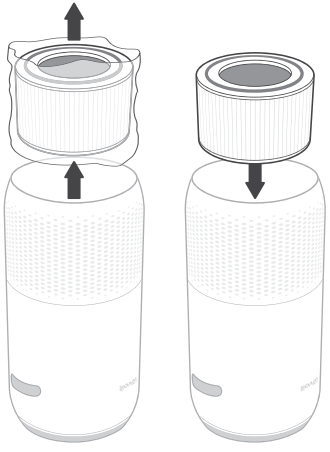

Figure 1.2

3. Replace the filter cover and twist clockwise to lock. *[Figure 1.3]*

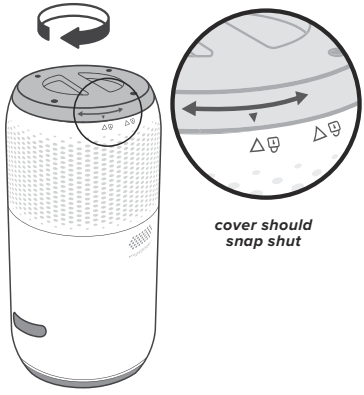

Figure 1.3

4. Place the purifier on a flat, stable surface with the display facing up. Allow at least 15 inches / 38 cm of clearance on all sides. Keep away from anything that would block airflow, such as curtains. *[Figure 1.4]*

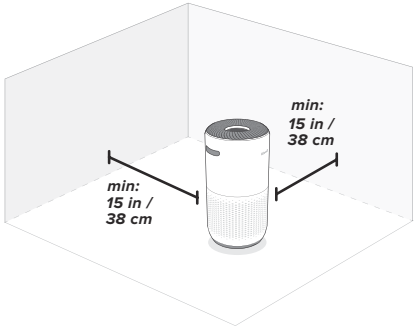

Figure 1.4

VeSync App Setup

1. To download the VeSync app, scan the QR code or search “VeSync” in the Apple App Store® or Google Play Store.
2. Open the VeSync app. **Log In** or **Sign Up**.
3. Follow the in-app instructions to set up your smart air purifier.

Download on the App Store

GET IT ON Google Play

Note:

- *To disconnect Wi-Fi, press and hold the **On/Off** button for 15 seconds until the Wi-Fi indicator turns off. This will restore the smart air purifier’s default settings and disconnect it from the VeSync app.*
- *To reconnect, please follow the instructions in the VeSync app for adding a device.*

Connect with Amazon Alexa or Google Assistant™

You can use the VeSync app to connect your smart air purifier to **Amazon Alexa** or **Google Assistant**™. Please follow the in-app instructions to set up your voice assistant.

Note: *You must create your own VeSync account to access voice assistants.*

USING YOUR SMART AIR PURIFIER

Note: *Using the VeSync app allows you to control your air purifier remotely and access additional functions and features.*

1. Plug in and tap ⏻ to turn on the air purifier. The fan will start on low speed. *[Figure 2.1]*
2. Optionally, tap ✣ to change fan speed between low, medium, high, and turbo.

   Note:

   - *The fan speed indicators will light up when active. 1 indicator will light up for low, 2 for medium, 3 for high, and 4 for turbo.*
   - *Turbo speed is the loudest, but cleans air the quickest.*
   - *For best results, or to address a specific air quality issue such as smoke, run the air purifier at turbo speed for 15–20 minutes before using a lower speed.*
   - *To effectively clean air, keep windows and doors closed while the air purifier is on.*
3. Tap ⏻ to turn off the air purifier.

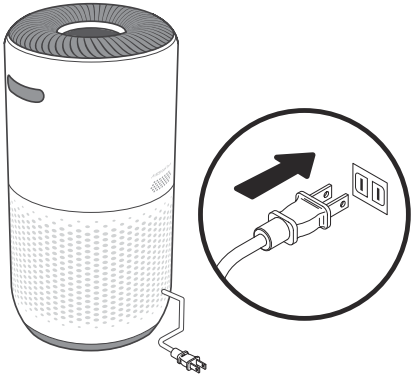

Figure 2.1

Sleep Mode

Sleep Mode operates quietly by using a fan speed lower than low speed.

1. Tap to turn Sleep Mode on.
2. Sleep Mode will turn off the display after 3 seconds if no other buttons are tapped.
3. To switch from Sleep Mode, tap Auto Mode or select a fan speed on the air purifier's display or in the VeSync app.

Note:

- *When the display is turned off, tap any button (except) to turn the display back on. If you don't tap another button, the display will turn off again after 3 seconds.*
- *The Check Filter Indicator will still turn on and stay on if it's time to check your filter (see page 13).*

Auto Mode

Auto Mode uses AirSight™ Plus, a smart laser dust sensor inside the air purifier, to adjust the fan speed automatically based on air quality. For example, if the air quality is bad, the fan will automatically be set to high speed.

Note:

- *The air purifier will take 5 seconds to detect the air quality each time it is turned on. During this time, the air quality indicator rings will be blue. After 5 seconds, the air quality indicator rings will change colour based on the detected air quality.*
- *Auto Mode does not use the turbo fan speed.*
- *The VeSync app also supports additional auto modes: Quiet Auto Mode and Efficient Auto Mode (see page 10).*

PM2.5 Display

The PM2.5 value on the display shows the amount of airborne particles (µg) that are detected per 1 cubic metre (m^3) of air volume.

PM2.5 refers to particulate matter (PM) that is less than or equal to 2.5 microns (µm) in diameter. These particles, also known as "fine particles", are so small that they can only be detected with an electron microscope, and they stay in the air longer than heavier particles such as dust and mould.

Your air purifier's AirSight Plus Laser Dust Sensor detects the amount of PM2.5 particles that are in a given space (µg/m^3). Generally, the lower the number, the better your air quality. A number above 115 indicates that there is an unhealthy amount of fine particles in the air.

Air Quality Indicator Chart		
Indicator Color	**Air Quality**	**Auto Mode Fan Speed**
Blue	Very Good	Sleep Mode
Green	Good	Low
Orange	Moderate	Medium
Red	Bad	High

Timer

You can set a timer for 1–12 hours.

1. Tap . The display will switch from showing the PM2.5 reading to the time you've selected.
2. Tap repeatedly to select a time in 1-hour increments. If you don't touch any buttons for 5 seconds, the display will switch to showing the PM2.5 reading and the timer will start automatically.

   Note: *Press and hold for 2 seconds to cycle through timer options automatically in 1-hour increments.*

3. The timer will count down from your selected time.

   Note:

   - *While a timer is active, tapping will show the remaining time, rounded up to the nearest hour. Tap again within 5 seconds to add more time in 1-hour increments.*
   - *You can see the exact remaining time in the VeSync app.*

4. When the timer is finished, the air purifier will turn off.
5. To cancel a timer, tap repeatedly until the display reads "**--H**".

   Note:

   - *You can change the fan speed at any time while the timer is on.*
   - *The timer will restart if the time is changed.*
   - *The air purifier will remember the last timer setting while turned off, but the timer will be cancelled and need to be restarted.*
   - *You can set a timer for 1–24 hours in the VeSync app.*

Display Off

This turns off the display lights on the air purifier, including button lights and indicator lights (except the Check Filter Indicator).

1. Tap to turn off the display.
2. Tap any button (except or) to temporarily turn the display back on. If you don't tap another button, the display will turn back off after 3 seconds.
3. Tap to turn the display back on. The display will stay on.

   Note: *The Check Filter Indicator will still turn on and stay on if it's time to check your filter (see page 13).*

Display Lock

When the air purifier is on, you can lock the display to prevent settings from being accidentally changed. Buttons will not respond to being tapped.

1. Press and hold for 3 seconds to lock the display. The indicator will light up in the center of the display.

   Note: *If the display is turned off, the indicator will flash 3 times to show that the display has been locked, then turn off.*

2. The indicator will blink when any other button is tapped to indicate that Display Lock is on.
3. Tap and hold again for 3 seconds to unlock the display. The indicator will turn off.

   Note:

   - *If the display is turned off, the indicator will flash 3 times to show that the display has been unlocked.*
   - *Display Lock can still be used when the air purifier is in Standby Mode.*

Standby Mode

The air purifier is in Standby Mode when it is turned off, but plugged in.

> ***Note:*** *Display Lock can be used while the air purifier is in Standby Mode to keep the air purifier from being turned back on. The laser dust sensor will still detect the surrounding air quality and give you updates in the VeSync app.*

Memory Function

When the air purifier is plugged in and turned off, it will remember its previous fan speed, Sleep Mode, Auto Mode, Display Lock, and Display Off settings.

When the air purifier is unplugged and turned off, it will only remember its previous fan speed, Sleep Mode, and Auto Mode.

> ***Note:*** *The air purifier will remember the last timer setting chosen (1–12 hours), but it will not automatically resume the timer. You will need to restart the timer after the air purifier is turned back on.*

VeSync App Functions

The VeSync app allows you to access additional smart air purifier functions, including those listed below. As the app develops, more features may become available.

Remote Control

- Change any air purifier settings through the app, even while Display Lock is on.

Air Quality Updates

- View real-time PM2.5 updates in the app.
- See your air quality history for the previous week.

Auto Mode

- Access additional Auto Modes: Quiet Auto Mode and Efficient Auto Mode.
- Quiet Auto Mode uses medium fan speed instead of the high or turbo fan speeds, even when the air quality is poor, to avoid making too much noise.
- Efficient Auto Mode lets you choose the size of the area you want to purify. The air purifier will use the highest fan speed (turbo) to clean the air for a designated amount of time. This time is based on ACH 1 and the size of the room, meaning how long it takes for the air purifier to clean all the air in your room one time, regardless of the air quality. After this, the mode will adjust the fan speed according to the actual detected air quality in the room.

> ***Note:*** *Efficient Auto Mode is useful for purifying odors from the air. The air purifier's sensor can only detect particles in the air, not smells. Efficient Auto Mode does not rely on the sensor, but the room size instead.*

Schedules

- Create and customize schedules for your air purifier to match your routines.

Timer Function

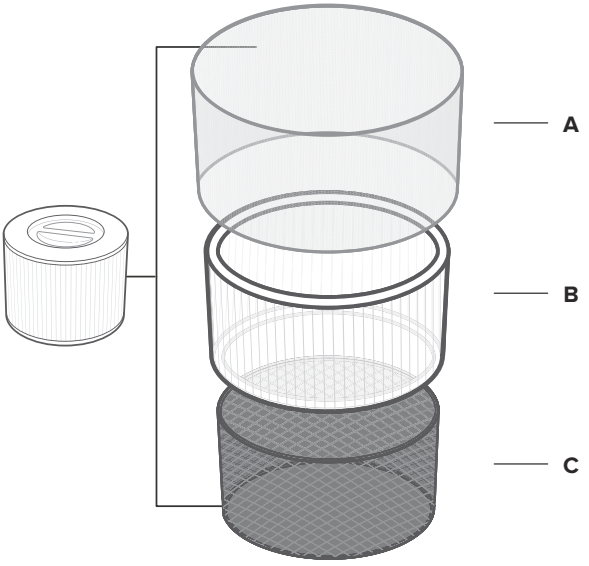

- Set a timer between 1–24 hours.
- Easily view the exact time remaining on a timer.

Filter Replacement Info

- Keep tabs on the remaining filter life by checking the filter life percentage in the app.
- Shop for replacement filters.

ABOUT THE FILTER

The air purifier uses a 3-stage filtration system to purify air.

A. Pre-Filter

- Captures large particles such as dust, lint, fibres, hair, and pet fur.
- Maximizes the filter's life by protecting it.

B. Main Filter

- 99.97% filtration efficiency for 0.1-0.3 µm airborne particulates, including pollen, dust, and animal dander allergens.*
- Traps small particles such as mould spores, fine dust, smoke particles, bacteria and viruses**, and allergens such as pollen, dust mites, and pet dander.

C. Custom High-Efficiency Activated Carbon Filter

- Physically adsorbs smoke, odours, and fumes.
- Customized using the ARC formula™ to be especially effective for cooking smells and pet odours in a multi-pet household.
- Filters compounds such as formaldehyde, benzene, ammonia, hydrogen sulphide, and volatile organic compounds (VOCs).

**Disclaimer: Tested by an independent lab*

***The Main Filter can remove most viruses and bacteria from the air, but cannot fully remove them from your environment. Air purifiers cannot prevent an infected person from spreading an infection, and cannot remove bacteria and viruses from surfaces. Please use this air purifier together with other precautions.*

ABOUT THE FILTER (CONT.)

Humidity

Moisture may damage the filter. This air purifier should be used in an area with a humidity level below 85% RH. If you use the air purifier in excessively humid areas, the surface of the filter may become moldy.

> **Note:** *Water or moisture will allow mold to grow. To solve a mold problem, get rid of the source of the moisture and clean up the mold.*

Essential Oils

Do not add essential oils to the air purifier or filter. The filter will become damaged by the oil and will eventually release an unpleasant smell. **Do not** use diffusers near the air purifier.

CARE & MAINTENANCE

Cleaning the Smart Air Purifier

- Unplug before cleaning.
- Wipe the outside of the air purifier with a soft, dry cloth. If necessary, wipe the housing with a damp cloth, then immediately dry.
- Vacuum the inside of the air purifier.
- **Do not** clean with abrasive chemicals or flammable cleaning agents.

Check Filter Indicator

will light up as a reminder to check the filter. Depending on how often you use the air purifier, the indicator should turn on at about 12 months. You may not need to change your filter yet, but you should check it when turns on.

When your air purifier is set up with the VeSync app, you can also check the app to see your remaining filter life. You will also receive a notification from VeSync when it's time to check your filter.

The VeSync app uses a scientific algorithm to determine your filter life based on air quality, amount of use, and other factors. The filter life percentage is based on 12 hours of daily use.

Cleaning the Filter

The outer pre-filter should be cleaned every 2–4 weeks to increase efficiency and extend the life of your filter. Clean the pre-filter using a soft brush or vacuum hose to remove hair, dust, and large particles. **Do not** clean the filter with water or other liquids.

Resetting the Check Filter Indicator

Reset the Check Filter Indicator when:

A. **lights up red.**

1. Replace the filter (see page 14).
2. Turn on the air purifier.
3. Press and hold the button for 3 seconds.
4. will turn off when successfully reset.

B. **The filter was changed before lit up.**

1. Press and hold the button for 3 seconds.
2. The will flash for 3 seconds.
3. will turn off when successfully reset.

Filter	When to Clean	How to Clean	When to Replace
Pre-Filter	Every 2–4 weeks	Use a soft brush or vacuum hose	12 months is recommended
Main Filter & Activated Carbon Filter	**Do not** clean		

When Should I Replace the Filter?

The filter should be replaced every 12 months. You may need to replace your filter earlier or later depending on how often you use your air purifier. Using your air purifier in an environment with relatively high pollution may mean you will need to replace the filter more often, even if is off.

You may need to replace your filter if you notice:

- Increased noise when the air purifier is on
- Decreased airflow
- Unusual odors
- A visibly clogged filter

Note:

- *To maintain the performance of your air purifier, **only** use official Levoit filters.*
- *Remember to reset after changing the filter (see page 13).*

Replacing the Filter

1. Unplug the air purifier. Flip the air purifier over or turn it on its side. Remove the filter cover (see **Getting Started**, page 6).
2. Remove the old filter.
3. Clean out any remaining dust or hair inside the air purifier using a vacuum hose. **Do not** use water or liquids to clean the air purifier. *[Figure 3.2]*
4. Unwrap the new filter and place it into the housing (see **Getting Started**, page 6).
5. Replace the cover. Plug in the air purifier.
6. Reset the Check Filter Indicator (see page 13).

Storage

If not using the air purifier for an extended period of time, wrap both the air purifier and the filter in plastic packaging and store in a dry place to avoid moisture damage.

Cleaning the AirSight Plus Laser Dust Sensor

The AirSight Plus Laser Dust Sensor can be blocked by dust, which affects the sensor's accuracy. Clean the sensor every 3 months. Using your air purifier in an environment with more dust may mean you will need to clean the sensor more often.

1. Unplug the air purifier.
2. Place the end of a vacuum cleaner over the sensor openings. *[Figure 3.3]*
3. Turn the vacuum on for at least 10 seconds to clean out dust.

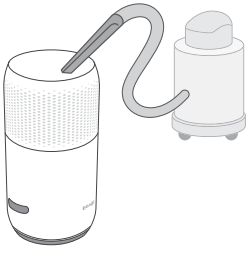

Figure 3.2

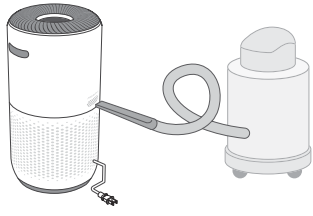

Figure 3.3

TROUBLESHOOTING

Problem	Possible Solution
Air purifier will not turn on or respond to button controls.	Plug in the air purifier.
	Check to see if the power cord is damaged. If it is, stop using the air purifier and contact **Customer Support** (see page 22).
	Plug the air purifier into a different outlet.
	The air purifier may be malfunctioning. Contact **Customer Support** (see page 22).
Airflow is significantly reduced.	Make sure the filter is removed from its packaging and properly in place (see page 6).
	Tap to increase the fan speed.
	Leave 15 inches / 38 cm of clearance on all sides of the air purifier.
	The pre-filter may be clogged by large particles, such as hair or lint, blocking airflow. Clean the pre-filter (see page 13).
	Replace the filter (see page 14).
Air purifier makes an unusual noise while the fan is on.	Make sure the filter is properly in place with plastic packaging removed (see page 6).
	Make sure the air purifier is operating on a hard, flat, level surface.
	Replace the filter (see page 14).
	The air purifier may be damaged, or a foreign object may be inside. Stop using the air purifier and contact **Customer Support** (see page 22). **Do not** try to repair the air purifier.
Strange smell coming from the air purifier.	Clean the filter, or replace if necessary.
	Contact **Customer Support** (see page 22).
	Make sure not to use your air purifier in an area with high humidity or while diffusing essential oils.

TROUBLESHOOTING (CONT.)

Problem	Possible Solution
Poor air purification quality.	Tap to increase the fan speed.
	Make sure no objects are blocking the sides or top of the air purifier (the inlet or outlet).
	Make sure the filter is removed from its packaging and properly in place (see page 6).
	Close doors and windows while using the air purifier.
	If the room is larger than 358 ft^2 / 33 m^2, air purification will take longer.
	Replace the filter (see page 14).
is still on after replacing the filter.	Reset the Check Filter Indicator (see page 13).
has not turned on within 12 months.	is a reminder for you to check the filter and will light up based on how much the air purifier has been used (see page 13). If you don't use your air purifier often, will take longer to turn on.
turned on before 12 months.	is a reminder for you to check the filter and will light up based on how much the air purifier has been used (see page 13). If you run your air purifier frequently, will turn on sooner.
Air Quality Indicator always stays red.	The AirSight Plus Laser Dust Sensor may need to be cleaned (see page 14).
	If you're using an ultrasonic humidifier near the air purifier, the mist may affect the accuracy of the AirSight Plus Laser Dust Sensor. The sensor will detect the large mist particles, and the Air Quality Indicator may turn red. Avoid using an ultrasonic humidifier near the air purifier, or avoid using Auto Mode.
Air Quality Indicator always stays blue, even when the air quality is poor.	The AirSight Plus Laser Dust Sensor detects airborne particles, but it cannot detect gas. Make sure there isn't gas polluting the air.
Display shows Error Code "E1".	The motor has malfunctioned. Please contact **Customer Support** (see page 22).

If your problem is not listed, please contact **Customer Support** (see page 22).

VESYNC APP TROUBLESHOOTING

My smart air purifier isn't connecting to the VeSync app.

- Make sure your phone has Bluetooth® turned on and is not currently connected to another Bluetooth device.
- During the setup process, you must be on a secure 2.4GHz Wi-Fi® network. Confirm that the network is working correctly.
- Make sure the Wi-Fi password you entered is correct.
    - There should be no spaces at the beginning or end of the password.
    - Test the password by connecting a different electronic device to the router.
    - If you're manually typing in the SSID and password, double check that both are entered correctly.
- Try moving your air purifier closer to the router. Your phone should be as close as possible to your air purifier.
- Your router may need to be at a higher location, away from obstructions.
- Make sure your air purifier and router are away from appliances (such as microwave ovens, refrigerators, electronic devices, etc.) to avoid signal interference.
- If you're using a VPN, make sure it's turned off while setting up your air purifier.
- Disable portal authentication for your Wi-Fi network. If portal authentication is enabled, the air purifier will not be able to access your Wi-Fi network, and setup will fail.

Note: *Portal authentication means that you need to sign in to your Wi-Fi network through a web page before you can use the Internet.*

My air purifier is offline.

- Make sure the air purifier is plugged in and has power, then refresh the VeSync menu by swiping down on the screen.
- Make sure your router is connected to the internet and your phone's network connection is working.
- Delete the offline air purifier from the VeSync app. Swipe left (iOS®) or press and hold (Android™), then tap **Delete**. Reconfigure the air purifier with the VeSync app.

Note: *Power outages, internet outages, or changing Wi-Fi routers may cause the air purifier to go offline.*

If your problem is not listed, please contact **Customer Support** (see page 22).

Any limitations for app support:

IOS operating system version iOS15 or later,
Android operating system version, Android8 and above.

FEDERAL COMMUNICATION COMMISSION INTERFERENCE STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

FCC RADIATION EXPOSURE STATEMENT

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End users must follow the specific operating instructions for satisfying RF exposure compliance. To maintain compliance with FCC RF exposure compliance requirements, please follow operation instructions as documented in this manual. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. This equipment should be installed and operated with a minimum distance of 20cm between the radiator and your body. The availability of some specific channels and/or operational frequency bands are country dependent and are firmware programmed at the factory to match the intended destination. The firmware setting is not accessible by the end user.

FCC SDOC SUPPLIER'S DECLARATION OF CONFORMITY

Arovast Corporation hereby declares that this equipment is in compliance with the FCC rules. The declaration of conformity may be consulted in the support section of our Web site, accessible from www.levoit.com

WARRANTY INFORMATION

Product Name	Levoit Core® 400S-P Smart Air Purifier
Model	Core 400S
For your own reference, we strongly recommend that you record your order ID and date of purchase.

Levoit Limited Product Warranty

Register your products at https://warranty.levoit.com/warranty to stay up to date with important product information such as product updates, limited warranties, usage and maintenance recommendations, and notifications concerning safety warnings or product recalls. Registration is not required to claim your limited warranty.

Two (2) Year Limited Consumer Product Warranty

Arovast Corporation ("Arovast") warrants that the product shall be free from defects in material and workmanship for a period of 2 years from the date of original purchase ("Limited Warranty Period"), provided the product was used in accordance with its use and care instructions (e.g. in the intended environment and under normal circumstances).

Your Limited Warranty Benefits

During the Limited Warranty Period and subject to this limited Warranty Policy, Arovast will, in its sole and exclusive discretion, either (i) refund the purchase, (ii) repair any defects in material or workmanship, or (iii) replace the product with another product of equal or greater value.

Who is Covered?

This limited warranty extends only to the original consumer purchaser of the product and is not transferable to any subsequent owner of the product, regardless of whether the product transferred ownership during the specified term of the limited warranty. The original consumer purchaser must provide verification of the defect or malfunction and proof of the date of purchase to claim the Limited Warranty Benefits.

Be Aware of Unauthorized Dealers or Sellers

This limited warranty does not extend to products purchased from unauthorized dealers or sellers. Arovast's limited warranty only extends to products purchased from authorized dealers or sellers that are subject to Arovast's quality controls and have agreed to follow its quality controls. Please be aware, products purchased from an unauthorized website or dealer may be counterfeit, used, defective, or may not be designed for use in your country. You can protect yourself and your products by making sure you only purchase from Arovast or its authorized dealers.

If you have any questions about a specific seller, or if you think you may have purchased your product from an unauthorized seller, please contact our Customer Support via support@levoit.com.

What's Not Covered?

- Normal wear and tear, including parts that might wear out over time (e.g. batteries, filters, cleaning brush, essential oil pads, etc.).
- If the proof-of-purchase has been altered in any way or is made illegible.
- If the model number, serial number or production date code on the product has been altered, removed or made illegible.
- If the product has been modified from its original condition.
- If the product has not been used in accordance with directions and instructions in the user manual.
- To damages caused by connecting peripherals, additional equipment or accessories other than those recommended in the user manual.
- To damages or defects caused by accident, abuse, misuse, or improper or inadequate maintenance.
- To damages or defects caused by service or repair of the product performed by an unauthorized service provider or by anyone other than Arovast.

WARRANTY INFORMATION (CONT.)

- To damages or defects occurring during commercial use, rental use, or any use for which the product is not intended.
- If the unit has been damaged, including but not limited to damage by animals, lightning, abnormal voltage, fire, natural disaster, transportation, dishwasher, or water (unless the user manual expressly states that the product is dishwasher safe).
- Incidental and consequential damages.
- To damages or defects exceeding the cost of the product.

Claiming Your Limited Warranty Service in 5 Simple Steps:

1. Make sure your product is within the specified limited warranty period.
2. Make sure you have a copy of the invoice and order ID or proof-of-purchase.
3. Make sure you have your product. DO NOT dispose of your product before contacting us.
4. Contact our Customer Support team via support@levoit.com.
5. Once our Customer Support team has approved your request, please return the product with a copy of the invoice and order ID.

Sole and Exclusive Remedy

THE FOREGOING LIMITED WARRANTY CONSTITUTES AROVAST CORPORATION'S EXCLUSIVE LIABILITY, AND YOUR SOLE AND EXCLUSIVE REMEDY, FOR ANY BREACH OF ANY WARRANTY OR OTHER NONCONFORMITY OF THE PRODUCT COVERED BY THIS LIMITED PRODUCT WARRANTY STATEMENT. THIS LIMITED WARRANTY IS EXCLUSIVE, AND IN LIEU OF ALL OTHER WARRANTIES. NO EMPLOYEE OF AROVAST CORPORATION OR ANY OTHER PARTY IS AUTHORIZED TO MAKE ANY WARRANTY IN ADDITION TO THE LIMITED WARRANTY IN THIS PRODUCT LIMITED WARRANTY STATEMENT.

Disclaimer of Warranties

TO THE FULLEST EXTENT PROVIDED BY APPLICABLE LAW, EXCEPT AS WARRANTED IN THIS LIMITED PRODUCT WARRANTY POLICY, AROVAST CORPORATION PROVIDES THE PRODUCTS YOU PURCHASE FROM AROVAST CORPORATION "AS IS" AND AROVAST CORPORATION HEREBY DISCLAIMS ALL WARRANTIES OF ANY KIND, WHETHER EXPRESS OR IMPLIED, STATUTORY, OR OTHERWISE, INCLUDING BUT NOT LIMITED TO ANY WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT, AND FITNESS FOR PARTICULAR PURPOSE.

Limitations of Liabilit

TO THE FULLEST EXTENT PROVIDED BY APPLICABLE LAW, IN NO EVENT WILL AROVAST CORPORATION, ITS AFFILIATES, OR THEIR LICENSORS, SERVICE PROVIDERS, EMPLOYEES, AGENTS, OFFICERS, OR DIRECTORS BE LIABLE FOR.

(a) DAMAGES OF ANY KIND ARISING OUT OF OR IN CONNECTION WITH PRODUCTS PURCHASED FROM AROVAST CORPORATION IN EXCESS OF THE PURCHASE PRICE PAID BY THE PURCHASER FOR SUCH PRODUCTS, OR.

(b) INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL, OR PUNITIVE DAMAGES EVEN IF AROVAST CORPORATION OR ONE OF ITS S UPPLIERS HAS BEEN ADVISED OF THE POSSIBILITY OR LIKELIHOOD OF SUCH DAMAGES.

WARRANTY INFORMATION (CONT.)

AND REGARDLESS OF WHETHER CAUSED BY TORT (INCLUDING NEGLIGENCE), BREACH OF CONTRACT, OR OTHERWISE. OUR LIABILITY SHALL UNDER NO CIRCUMSTANCES EXCEED THE ACTUAL AMOUNT PAID BY YOU FOR THE DEFECTIVE PRODUCT, NOR SHALL WE UNDER ANY CIRCUMSTANCES BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL OR PUNITIVE DAMAGES OR LOSSES, WHETHER DIRECT OR INDIRECT.

EXCEPT AS COVERED BY THIS LIMITED PRODUCT WARRANTY STATEMENT, AROVAST CORPORATION SHALL NOT BE LIABLE FOR COSTS ASSOCIATED WITH THE REPLACEMENT OR REPAIR OF PRODUCTS PURCHASED FROM IT, INCLUDING, BUT NOT LIMITED TO, LABOR, INSTALLATION, OR OTHER COSTS INCURRED BY THE USER AND, IN PARTICULAR, ANY COSTS RELATING TO THE REMOVAL OR REPLACEMENT OF ANY PRODUCT.

OTHER RIGHTS YOU MAY HAVE

SOME JURISDICTIONS DO NOT ALLOW FOR: (1) EXCLUSION OF IMPLIED WARRANTIES; (2) LIMITATION ON THE DURATION OF I MPLIED WARRANTIES; AND/OR (3) EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES; SO THE DISCLAIMERS IN THIS POLICY MAY NOT APPLY TO YOU. IN THESE JURISDICTIONS YOU HAVE ONLY THE IMPLIED WARRANTIES THAT ARE EXPRESSLY REQUIRED TO BE PROVIDED IN ACCORDANCE WITH APPLICABLE LAW. THE LIMITATIONS OF WARRANTIES, LIABILITY, AND REMEDIES APPLY TO THE MAXIMUM EXTENT PERMITTED BY LAW.

ALTHOUGH THIS LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, YOU MAY HAVE OTHER RIGHTS IN YOUR JURISDICTION. THIS STATEMENT OF LIMITED WARRANTY IS SUBJECT TO APPLICABLE LAWS THAT APPLY TO YOU AND THE PRODUCT. PLEASE REVIEW THE LAWS IN YOUR JURISDICTION TO UNDERSTAND YOUR RIGHTS FULLY.

CHANGES TO THIS POLICY

We may change the terms and availability of this limited warranty at our discretion, but any changes will not be retroactive.
