iRobot Limited Warranty

This Limited Warranty does not affect your statutory rights under the laws relating to the sale of consumer products.

OVERVIEW

iRobot ('We', 'Our', 'Us') warrants that, subject to the exclusions and limitations set out below, this Product and non-consumable parts and accessories (excluding batteries) will be in good working order during the period of one (1) year from the date of purchase (the "Warranty Period"). In the case of batteries, a Warranty Period of one (1) year will apply and the "Warranty Period" should be read accordingly throughout this document. In the event that the Product fails to meet the warranty standard to our reasonable satisfaction, we will, within a commercially reasonable period of time, either repair or replace the Product as described below free of charge.

This Limited Warranty is only valid and enforceable in the country where you purchased the Product, provided that the said country is on the list of Specified Countries (http://global.irobot.com/) defined in the consumer terms of sale that applied when you purchased the Product.

MAKING A CLAIM UNDER THE LIMITED WARRANTY

If you wish to make a warranty claim, please contact your local distributor, whose contact details can be found at http://global.irobot.com/. When contacting your distributor, please have the serial number of your Product ready and the original proof of purchase, showing the date of purchase and full details of the Product. Our colleagues will advise you of the process involved in making a claim.

Any claim under the Limited Warranty is subject to you notifying us (or our authorised service company/distributor) of the alleged defect within a reasonable period of time of it coming to your attention and, in any case, by no later than the expiry of the Warranty Period.

REMEDY

If a claim is received within the Warranty Period and the Product is found to have failed under the warranty we will, at our option:

- repair the Product,
- exchange the Product with a product that is new, or has been manufactured from new or serviceable used parts and is at least functionally equivalent to the original product, or
- exchange the Product with a product that is a new and upgraded model which has at least the equivalent or upgraded function to the original product.

As far as applicable laws permit, the Warranty Period will not be extended or renewed or otherwise affected due to the subsequent exchange, resale, repair or replacement of the Product. However, any part(s) repaired or replaced during the Warranty Period will be warranted for the remainder of the original Warranty Period or for ninety (90) days from the date of repair or replacement, whichever is longer.

Replacements or repaired products, as applicable, will be returned to you as soon as commercially practicable. All parts of the Product or other equipment that we replace will become our property. If the Product is found not to be covered by this Limited Warranty, we (and our authorised service companies) reserve the right to charge a handling fee. When repairing or replacing the Product, we may use products or parts that are new, equivalent to new or re-conditioned.
