English

Safety Instructions

Read and follow all the safety instructions:

- The product is not water resistant, be cautious when installing and using.
- Use the product with the provided power adapter only.
- Be cautious of static electricity during installation and usage. Keep the product away from sharp objects or strong corrosive chemicals.
- When bending the strip lights during installation, avoid folding the LED components as it may affect the product's life span.
- Remove nails, metal, or other conductive objects from the installation surface before attaching the strip light, as it may cause short-circuiting.
- Do not install the strip light near any heat sources.
- Do not allow children to install the strip light alone.
- Avoid installing the strip light near potentially dangerous sources (e.g., candles, liquid-filled objects).
- Unroll the strip lights before powering them on.

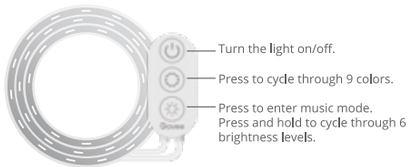

Introduction

Thanks for choosing the Govee RGBIC LED Strip Lights. This product is equipped with a 5m RGBIC strip light and supports app. RGBIC is Govee's latest lighting display technology. With its advanced IC chips (independent control), each strip light segment can be adjusted independently, creating vibrant rainbow effects.

Troubleshooting

❶ The adhesive tape is not strong enough.

- Make sure the installation surface is clean and dry.
- Firmly press over the strip after sticking.
- Reinforce the installation via more clips and tape.

❷ Cannot connect to Bluetooth.

- Do not skip Bluetooth connection in the app.
- Ensure Bluetooth on your smartphone has been turned on.
- Your smartphone may be incompatible with the Govee Home app. Try using a different smartphone then reconnect.

- Power the strip lights and your smartphone Bluetooth off then on, then try again.
- Ensure that your smartphone is within 1m/3.28ft of the strip lights when connecting.
- Clear any obstructions that are between the strip lights and your smartphone.

❸ The strip lights does not display the full selected color/Some LED beads do not light up.

- Please contact the Govee support team for rapid product replacement.

❹ Cannot sync the strip lights to the beat of my music.

- Move the control box closer to the music source.
- Clean the mic on the control box then try again.

FCC and ISED Canada Statement

This device complies with Part 15 of the FCC Rules and Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.
Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence.
L'exploitation est autorisée aux deux conditions suivantes :
(1) l'appareil nedoit pas produire de brouillage, et
(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement."

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Consult the dealer or an experienced radio/TV technician for help.

FCC and IC Radiation Exposure Statement

This equipment complies with FCC and IC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

la distance entre l'utilisation et l'appareil ne doit pas être inférieure à 20 cm.

Non-replaceable light source.
Not intended for illumination. Only used for creating ambiance.
