ULTRALOQ

Mode A: Set up with Apple Home App

If you want to set it up only using Apple Home App and use the U-tec App later, please follow the instructions below.

Install the lock

Your lock must be fully installed on the door with batteries before pairing with an app. Please read the Installation and User Guide to learn how to install the smart lock.

Open the Apple Home App

Press “+” and Add Accessory.

Scan the label

Use Apple Home App to Scan the HomeKit QR code label on the Battery Cover. Follow the directions on your phone.

Works with
Apple HomeKit

Lock and Unlock

To lock your door

- Tap ULTRALOQ .
- Turn the thumbturn .
- By Home App.

To unlock your door

- Enter the code and tap ULTRALOQ .
- Turn the thumbturn .
- By Home App.

These are the Codes

You will need the Program Code if you reset your lock to Factory Default Mode. You can also find these codes on the Battery Cover. Keep it safe.

Mode B: Set up with both U-tec and Apple Home App

U-tec App and Home App can control the Bolt series simultaneously. Keep your smartphone near the lock (within 10 feet) and search for the lock in the App. Once paired with U-tec App, the Admin Code will be used of the Program Code to unlock the door.

Set it up with U-tec App

Please read the User Guide to learn how to set it up by U-tec App. If you have already set it up by U-tec App, please jump to the next step.

To unlock your door

- Enter the code and tap ULTRALOQ .
- Turn the thumbturn  .
- By Home App or U-tec App.

Apple HomeKit

Apple HomeKit technology provides an easy, secure way to control your home's doors and more using the Apple Home app and Siri on your iPhone, iPad, Apple Watch, HomePod, or Mac.

A customer who owns an Apple TV (4th generation or later) with tvOS 10 or later, an iPad with iOS 10 or later, or a HomePod can control HomeKit-enabled accessories away from home and automatically, Controlling this HomeKit-enabled accessory automatically and away from home requires a HomePod, Apple TV, or iPad set up as a home hub. It is recommended that you update to the latest software and operating system.

Use of the Works with Apple badge means that an accessory has been designed to work specifically with the technology identified in the badge and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards. Apple, App Store, Apple Home, iPhone, iPad, Apple Watch, HomePod, Mac, and Siri are trademarks of Apple Inc. registered in the U.S. and other countries.

Google Play and the Google Play logo are trademarks of Google Inc.
