Install in minutes

- Ideal for existing or new homes
- No new wiring required
- Set up is easy — watch the installation videos on **www.casetawireless.com**

NEW!
Wi-Fi thermostat

LUTRON®

Welcome to Caséta™ Wireless

Peace of mind.
Comfort.
Convenience.

Caséta Wireless provides all of these, at the touch of a button.

Whether you want your lights on, off, or somewhere in between, your shades raised or lowered, or your temperature set back a few degrees, you can count on Caséta Wireless to deliver what you need.

Caséta Wireless also uses Lutron's Clear Connect® wireless technology, for reliable operation.

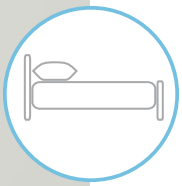

Once you try Caséta Wireless, you'll wonder how you ever lived without it.

Turn lights on
as you arrive home

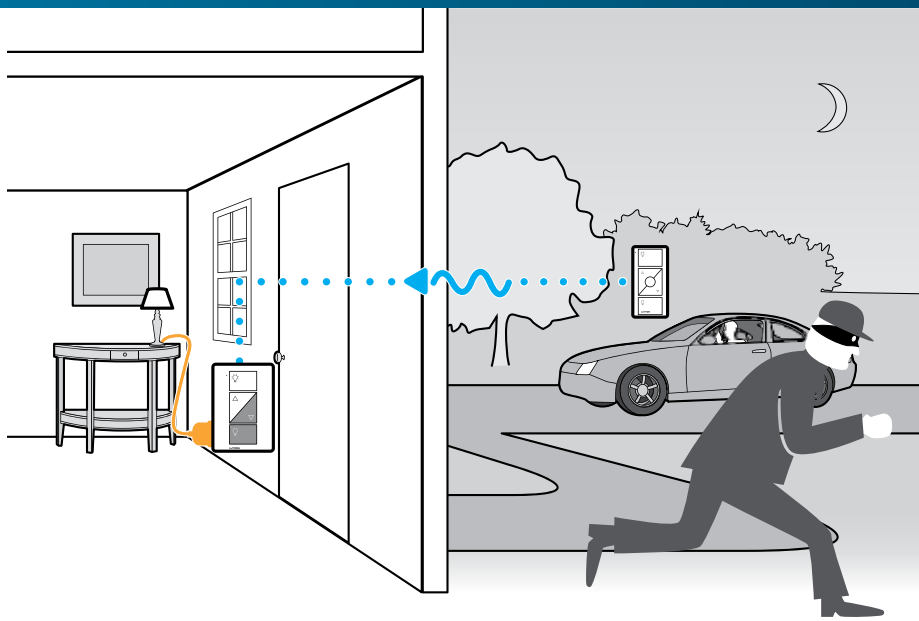

Adjust temperature
from your office

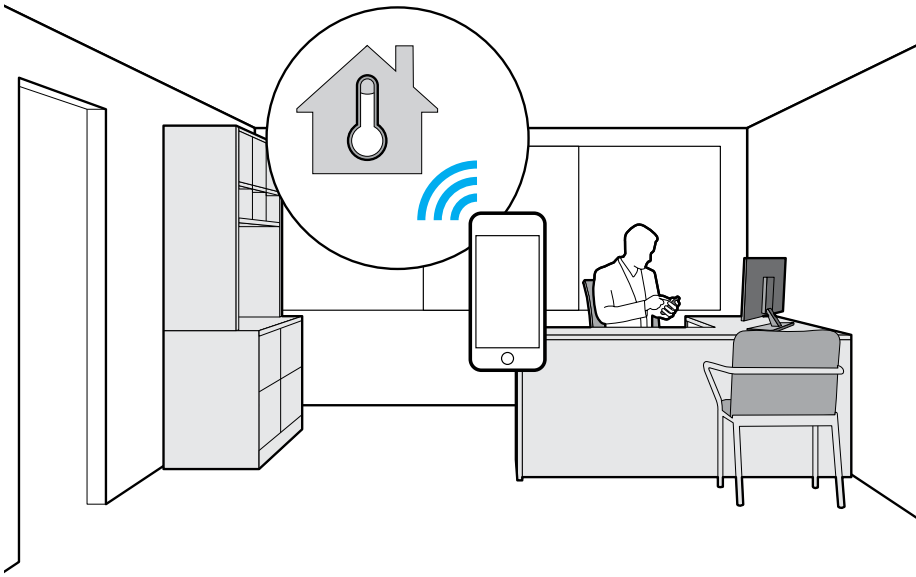

Turn lights off
and close shades
from your bedside

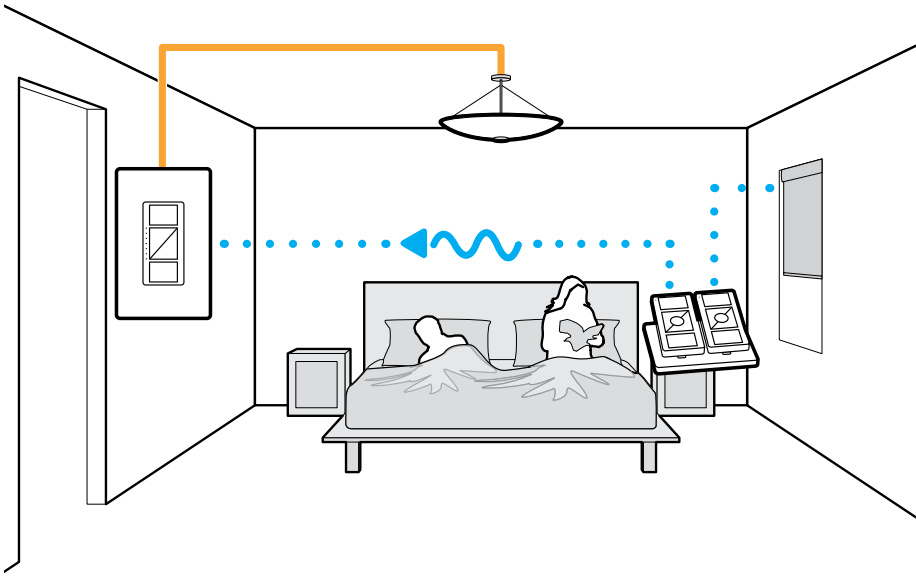

Turn entryway and outdoor lights on from the security of your car.

Forgot to set your thermostat back? Lower it from work, to save energy during the day. Then raise it before you leave, for a comfortable welcome home.

No need to get out of bed. Simply turn the lights off and close shades from your bedside and drift into sleep.

Product Information

Smart Bridge

- enables control of lights, shades, and temperature using the Lutron app
- compatible with Caséta™ Wireless dimmers and switches, Serena® battery-powered shades, and the Honeywell® Wi-Fi thermostat
- easy to install; just plugs into your Wi-Fi router
- uses Clear Connect® wireless technology—no callbacks

Smart Bridge Pro

- also compatible with Lutron Triathlon® battery-powered shades and select styles of Sivoia® QS Wireless shades
- adds integration with third-party A/V remote controls and security systems

Lutron app

- works in conjunction with the Smart Bridge and Smart Bridge Pro
- control individual lights, shades, and thermostats—even when you're away from home
- add scenes to control multiple lights and shades with a single touch
- schedule scenes to adjust lights and shades automatically
- download for free from the App Store or Google play

ANDROID APP ON Google play

Pico® remote control

- provides convenient remote control
- add a light switch without having to wire anything
- battery powered
- use as a hand-held remote, clipped to a car visor, mounted to a tabletop pedestal, or mounted to a wall
- features a 10-year battery life
- works with Caséta Wireless dimmers and wireless shades

Accessories for Pico remote control

Car visor clip

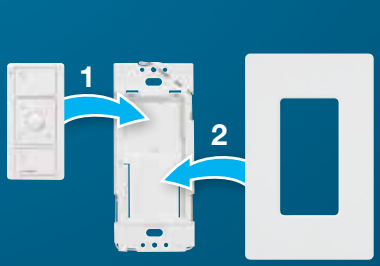

Tabletop pedestal

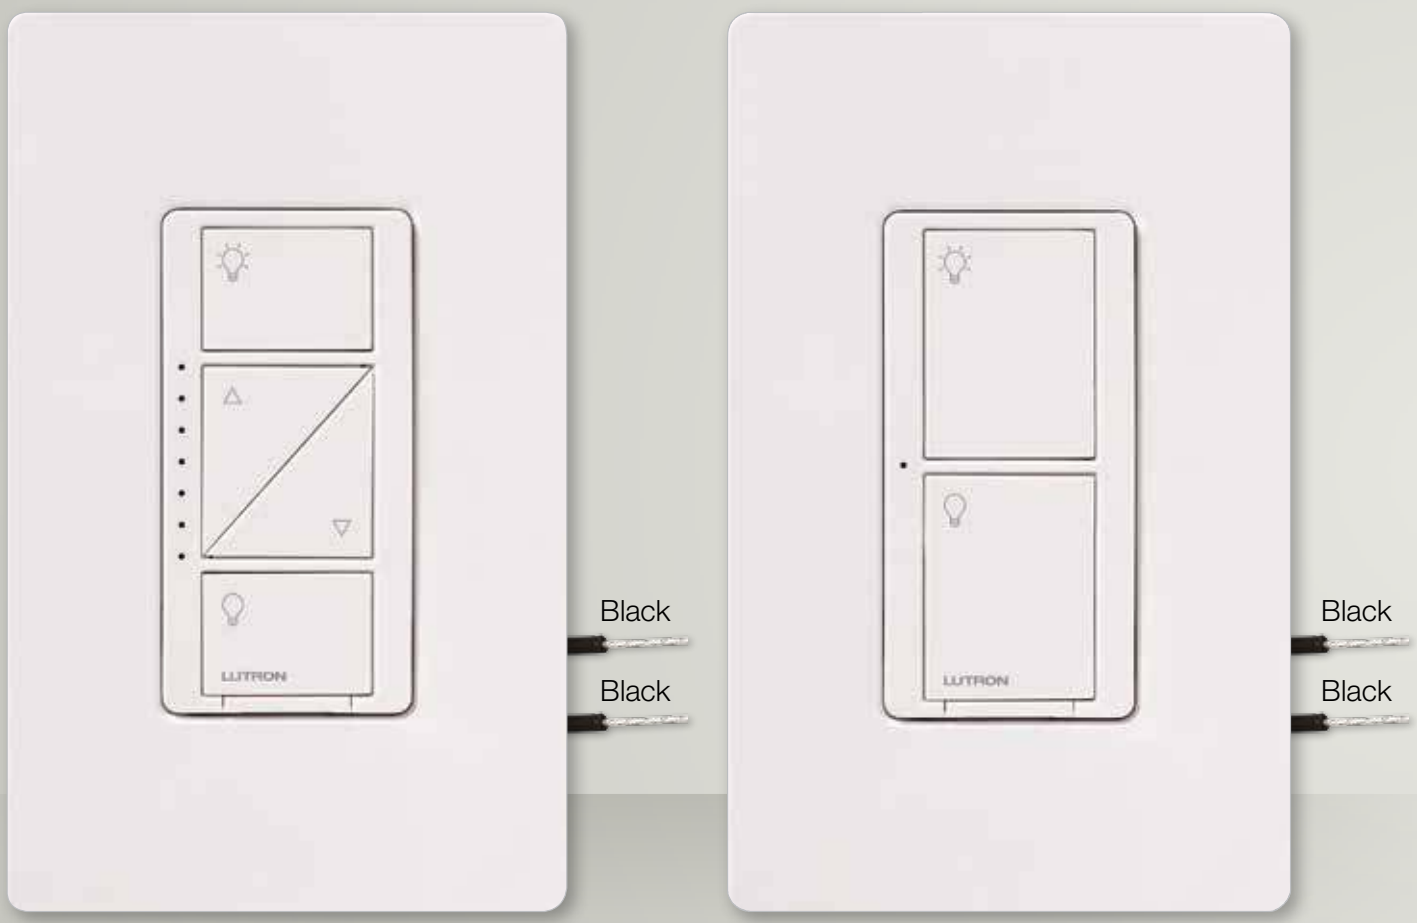

Wallplate bracket kit

Product information

In-wall dimmer

- controls wall and ceiling lights
- installs in as little as 15 minutes
- doesn't require a neutral wire—ideal for retrofit or new construction
- no polarity for line or load wiring—mistake-proof wiring
- works with approved dimmable LEDs and compact fluorescents (CFLs)
- also works with halogen and incandescent bulbs
- use Pico® remotes for additional switches in multi-location applications

Switch

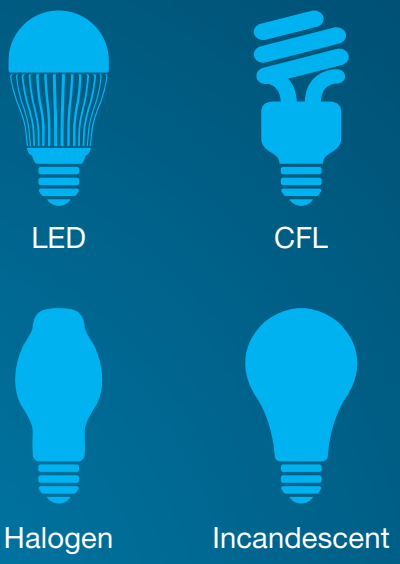

- controls wall and ceiling lights as well as general purpose fans
- doesn't require a neutral wire
- minimum load cap included (for switching LED, CFL, and ELV loads)
- use Pico remotes for additional switches in multi-location applications

Plug-in lamp dimmer

- controls table and floor lamps
- features two receptacles for simultaneous control of two lamps
- simply plugs into a standard wall receptacle
- works with dimmable LEDs and CFLs
- also works with halogen and incandescent bulbs

Caséta™ Wireless works with energy-efficient, dimmable light bulbs

- **The Lutron LED Center of Excellence** is the industry resource for LED control: 1.877.DIM.LED8 or LEDS@lutron.com.
- UL Listed to dim over 500 different LED and CFL light bulbs. The bulb list is available at **www.casetawireless.com**.
- Patent-pending technology ensures superior performance with dimmable LEDs and CFLs, as well as halogen and incandescent bulbs. You can even use different light bulb types with the same dimmer.
