Safety Instructions

Read these instructions carefully and retain them for future use. If this bulb is passed to a third party, then these instructions must be included.

When using electrical bulbs, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and/or injury to persons including the following:

⚠ WARNING For indoor use only. Do not use where directly exposed to water.
These bulbs should be installed in dry locations and protected from water or moisture to prevent damage and electrical hazards.

⚠ DANGER **Risk of fire, electric shock or death!** Ensure the light is powered off from the light switch before changing the bulb and before cleaning.

⚠ WARNING Please handle your filament light bulbs with the utmost care, as they are made of glass that is prone to shattering upon impact. To prevent breakage and potential injury, avoid dropping, knocking, or applying excessive force.

⚠ WARNING Take special precautions when working on heights, for example, while using a ladder. Use the right type of ladder and ensure it is structurally sound. Use the ladder in accordance with the manufacturer's instructions.

⚠ CAUTION NOT FOR USE IN TOTALLY ENCLOSED LUMINARIES.

⚠ CAUTION THIS BULB IS NOT INTENDED FOR USE WITH EMERGENCY EXITS.

⚠ CAUTION DO NOT USE WITH STANDARD DIMMERS. Only use the control provided with or specified by these instructions to control this bulb. This bulb will not operate properly when connected to a standard (incandescent) dimmer or dimming control.

⚠ CAUTION

- The operation voltage of this bulb is 120 V~. It is not designed for universal voltage and cannot be used in 220 V~ environments.
- The bulb should not be used if the diffuser is broken.

- This bulb is intended for connection to E26 lampholders for outlet boxes or E26 lampholders provided in open luminaries.
- This bulb is rated 120 V AC and must be connected to a suitable power source.
- This bulb is intended for indoor dry or damp household use only.
- Do not attempt to disassemble, repair, or modify the bulb.
- Do not use this bulb with a dimmer switch.

Before First Use

⚠ DANGER **Risk of suffocation!**
Keep any packaging materials away from children and pets - these materials are a potential source of danger, e.g. suffocation.

- Remove all the packing materials
- Check the bulbs for transport damage.

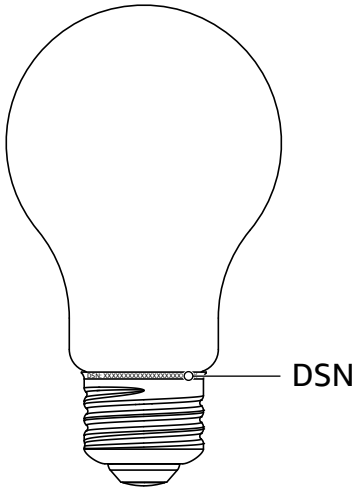

Package Contents

- Smart LED light bulb (x1 or x4)
- *Quick Setup Guide*
- *Safety Manual*

Compatibility

- 2.4GHz Wi-Fi network
- Base: E26

Parts Overview

Set Up the Smart Bulb

You can set up the smart bulb with the 2D barcode on the *Quick Setup Guide* (recommended) or without a 2D barcode.

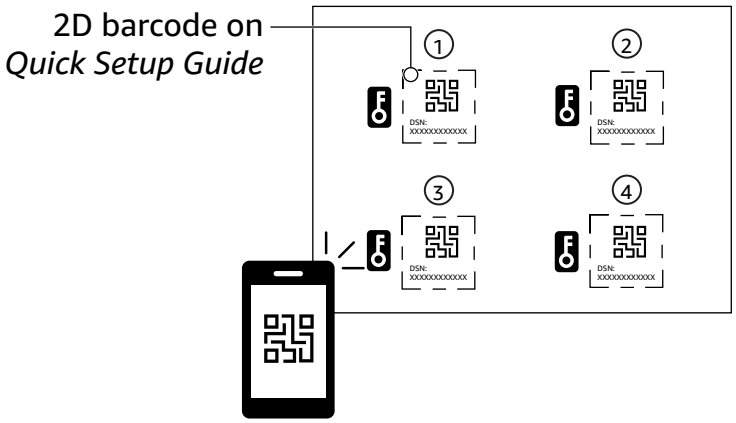

Set up with the 2D barcode on the *Quick Setup Guide* (recommended)

Note: Certain devices may automatically connect to Alexa using Amazon's Frustration-Free Setup technology.

1. Download the latest version of Alexa app from the app store, and log in.
2. Screw in the light bulb, then turn on the light.
3. Open the Alexa app, tap **More** (from the bottom menu), + add, then **Device**.
4. Tap **Light**, **Amazon Basics**, then choose **Amazon Basics Light Bulb**.

5. Follow the steps in the Alexa app to complete setup. When prompted, scan the 2D barcodes on the *Quick Setup Guide*.

   If you have more than one smart bulb and are scanning the 2D barcode in your Quick Setup Guide, match the DSN number on the smart bulb with the 2D barcode.

NOTICE Do not scan the barcode on packaging. If the 2D barcode scan fails or if you lose the *Quick Setup Guide*, refer to “Alternative setup method” on page 5.

Alternative Setup Method

Set Up without the Barcode

Use these instructions if the 2D barcode setup does not work.

1. Screw in the light bulb, then turn on the light.
2. Open the Alexa app, tap **More** (from the bottom menu), + add, then **Device**.
3. Tap **Light**, then tap **Amazon Basics**.
4. When prompted to scan the barcode, tap **DON’T HAVE A BARCODE?**
5. Tap **NEXT**, then follow the on-screen instructions to complete setup.

Using the Smart Bulb

- To use the Alexa app, tap Devices from the bottom menu, then tap Lights.
- Use the voice control on your Amazon Alexa. (For example, “Alexa, turn on living room light.”)

Changing the Light Style

To change the light color, light temperature, or brightness:

- Use the Alexa app.

OR

- Use the voice control on your Amazon Alexa. For example, you could say:
  - “Alexa, set living room light to warm white.”
  - “Alexa, set living room light to 50%.”

Understanding LEDs

Light bulb	Status
Flashes twice softly	Bulb is ready for setup.
Flashes once softly, then remains soft white at full brightness	Bulb is connected
Flashes five times quickly, then flashes twice softly in soft white	Factory reset is complete, and the bulb is ready for setup again

Changing Settings with Alexa

Use the Alexa app to rename a light, add lights to a group/room, or set up routines that automatically turn a light on or off.

Resetting to Factory Defaults

- Delete your light bulb from the Alexa app to factory reset the bulb.

OR

- Use a light switch to quickly turn the light on and off five times. When you turn the light on the sixth time, the bulb flashes quickly five times, then flashes twice softly. This indicates that the bulb has been factory reset, and it is ready for setup again.

Cleaning and Maintenance

- To clean the Smart Filament LED Bulb, wipe with a soft, lightly damp cloth.
- Never use corrosive detergents, wire brushes, abrasive scourers, metal, or sharp utensils to clean the bulb.

Troubleshooting

If the smart bulb is not functioning properly, try the following solutions.

Problem

Light bulb does not turn on.

Solutions

- Make sure that the light switch is turned on.
- If installed in a lamp, make sure that it is plugged into a working power outlet.

Problem

Alexa app cannot find or connect to the smart bulb.

Solutions

- Make sure that you scan the 2D barcode on the *Quick Setup Guide*. Do not scan the barcode on the packaging for setup.
- Make sure that your phone/tablet and the Alexa app are updated to the latest software version.
- Make sure that your phone/tablet and smart LED light bulb are connected to the same 2.4GHz Wi-Fi network. The bulb is not compatible with 5GHz networks.
- If you have a dual Wi-Fi router and both network signals have the same name, rename one and try reconnecting to the 2.4GHz network.
- Make sure that your phone/tablet is within 9.14 m (30 ft.) of the smart bulb.
- Do a factory reset. See “Resetting to Factory Defaults.”

Problem

How do I reset the light bulb?

Solutions

- You can do a factory reset by deleting your device from Alexa app.
- If you are not able to delete your device from Alexa app, use a light switch to quickly turn the light on and off five times. When you turn the light on the sixth time, the bulb flashes quickly five times, then flashes twice softly. This indicates that the bulb has been factory reset, and it is ready for setup again.

Problem

If I lose the Quick Setup Guide or no barcode is available, how can I set up my smart bulb?

Solutions

- You can set up your device without a barcode. The instructions can be found in “Alternative setup method” on page 5.

Problem

Error code (-1 :-1 :-1 :-1) displays on the screen.

Solutions

- Make sure your phone has Bluetooth turned on throughout the entire setup process and the device you are trying to setup is in pairing mode. Restart your device by powering it off and on, and then set up again.

Specifications

Light type	Tunable White
Base size	E26
Rated voltage	120V, 60Hz
Rated power	7W
Lumen output	800 lumens
Lifetime	25,000 hours
Estimated yearly energy cost	$0.84 per year
Wi-Fi	2.4GHz 802.11 b/g/n
Operating humidity	0%-85%RH, non-condensing
Dimmable	No
Color temperature	2200K to 6500K

FCC Compliance Statement

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

   (1) this device may not cause harmful interference, and

   (2) this device must accept any interference received, including interference that may cause undesired operation.

2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio / TV technician for help.

RF Warning Statement: The device has been evaluated to meet general RF exposure requirements. This device should be installed and operated with minimum distance of 8" (20 cm) between the radiator and your body

Canada IC Notice

- This device contains license-exempt transmitter(s) / receiver(s) that comply with Innovation, Science and Economic Development Canada's License-exempt RSS(s). Operation is subject to the following two conditions:

  (1) this device may not cause interference, and

  (2) this device must accept any interference, including interference that may cause undesired operation of the device.

- This equipment complies with Industry Canada radiation exposure limits set forth for an uncontrolled environment.
- This Class B digital apparatus complies with Canadian CAN ICES-003(B) / NMB-003(B) standard.
- This equipment complies with IC RSS-102 radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 8 in. (20 cm) between the radiator and any part of your body

Product Support Period: supporting term products until 12/31/2030

Deletion of personal data: User can delete their data through self-service options,by contacting customer service,for complete data deletion,customers can either use the self-service process on amazon.com or contact Amazon Customer Support to initiate account closure and data deletion requests.

Consignes de sécurité

Lisez attentivement ces instructions et conservez-les pour une utilisation ultérieure. Si cette ampoule est transmise à un tiers, ces instructions doivent être incluses.

Lorsque vous utilisez des ampoules électriques, vous devez toujours prendre les précautions de sécurité de base pour réduire les risques d'incendie, de choc électrique et/ou de blessure, notamment ce qui suit :

⚠ ATTENTION Pour une utilisation à l'intérieur seulement. Ne pas utiliser en cas d'exposition directe à l'eau.

Ces ampoules doivent être installées dans des endroits secs, à l'abri de l'eau ou de l'humidité, afin d'éviter tout dommage ou tout risque électrique.

⚠ DANGER **Risque d'incendie, de choc électrique ou de mort!** Assurez-vous d'éteindre la lumière au moyen du commutateur avant de changer l'ampoule et avant de la nettoyer.

⚠ ATTENTION Veuillez manipuler vos ampoules à filament avec le plus grand soin, car elles sont faites de verre qui a tendance à se briser en cas de choc. Pour prévenir les bris et les blessures potentielles, évitez de les faire tomber, de les cogner ou d'exercer une force excessive.

⚠ ATTENTION Prenez des précautions particulières lorsque vous travaillez en hauteur, par exemple lorsque vous utilisez une échelle. Utilisez le bon type d'échelle et assurez-vous que sa structure est solide. Utilisez l'échelle conformément aux instructions du fabricant.

⚠ MISE EN GARDE NE PAS UTILISER DANS DES LUMINAIRES ENTIÈREMENT FERMÉS.

⚠ MISE EN GARDE CETTE AMPOULE NE DOIT PAS ÊTRE UTILISÉE POUR LES SORTIES DE SECOURS.

⚠ MISE EN GARDE NE PAS UTILISER AVEC DES GRADATEURS STANDARD. Utilisez seulement la commande fournie avec ces instructions, ou indiquée dans celles-ci, pour contrôler cette ampoule. Cette ampoule ne fonctionne pas correctement lorsqu'elle est connectée à un gradateur standard (incandescent) ou à une commande de gradation de lumière.

⚠ MISE EN GARDE

- La tension de fonctionnement de cette ampoule est de 120 V~. Elle n'est pas conçue pour une tension universelle et ne peut pas être utilisée dans des environnements de 220 V~.
- L'ampoule ne doit pas être utilisée si le diffuseur est cassé.

- L'ampoule doit être raccordée à une douille E26 pour les boîtes de prise de courant ou à une douille E26 fournie dans les luminaires ouverts.
- Cette ampoule a une tension nominale de 120 V c.a. et doit être connectée à une source d'alimentation appropriée.
- Cette ampoule est uniquement destinée à un usage domestique intérieur, dans un endroit sec ou humide.
- N'essayez pas de démonter, de réparer ou de modifier l'ampoule.
- N'utilisez pas cette ampoule avec un gradateur.

Avant la première utilisation

⚠ DANGER Risque d'étouffement!
Comme les matériaux d'emballage sont une source potentielle de danger, par exemple de suffocation, veuillez les conserver hors de portée des enfants et des animaux de compagnie.

- Retirez tous les matériaux d'emballage.
- Vérifiez si les ampoules n'ont pas été endommagées pendant le transport.

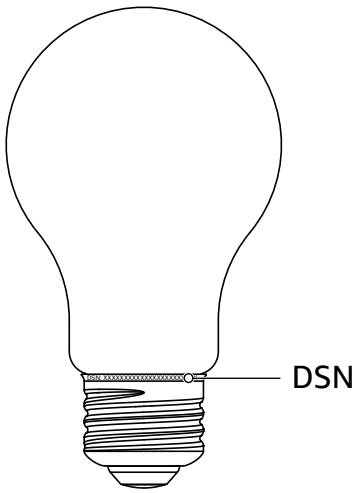

Contenu de l'emballage

- Ampoule à DEL intelligente (x1 ou x4)
- *Guide de configuration rapide*
- *Manuel de sécurité*

Compatibilité

- Réseau Wi-Fi 2,4 GHz
- Culot : E26

Aperçu des pièces

Configuration de l'ampoule intelligente

Vous pouvez configurer l'ampoule intelligente au moyen du code-barres 2D sur le *Guide d'installation rapide* (recommandé) ou sans code-barres 2D.

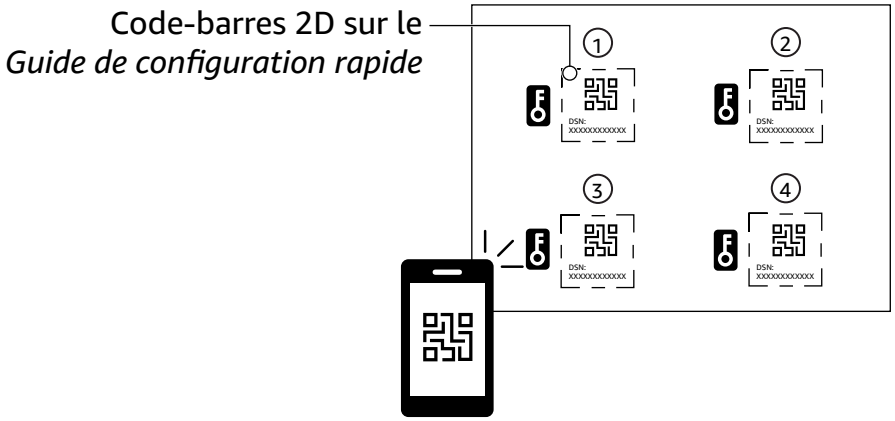

Configuration au moyen du code-barres 2D sur le *Guide de configuration rapide* (recommandé)

Remarque : Certains appareils peuvent se connecter automatiquement à Alexa à l'aide de la technologie de configuration sans frustration d'Amazon.

1. Téléchargez la dernière version de l'application Alexa à partir de la boutique d'applications et connectez-vous.
2. Vissez l'ampoule, puis allumez la lumière.

3. Ouvrez l'application Alexa, appuyez sur **Plus** (dans le menu du bas), + ajouter, puis **Appareil**.
4. Appuyez sur **Lumière**, **Amazon Basics**, puis choisissez **Ampoule Amazon Basics**.
5. Suivez les étapes dans l'application Alexa pour terminer la configuration. Lorsque vous y êtes invité, numérisez le code-barres 2D sur le *Guide de configuration rapide*.

   Si vous avez plus d'une ampoule intelligente et que vous numérisez le code-barres 2D figurant dans votre Guide de configuration rapide, associez le numéro DSN sur l'ampoule intelligente au code-barres 2D.

AVIS Ne numérisez pas le code-barres sur la boîte d'emballage. Si la numérisation du code-barres 2D échoue ou si vous perdez le *Guide de configuration rapide*, reportez-vous à la section « Autres méthodes de configuration » à la page 13.

Autres méthodes de configuration

Configuration sans code-barres

Suivez ces instructions si la configuration au moyen du code-barres 2D ne fonctionne pas.

1. Vissez l'ampoule, puis allumez la lumière.
2. Ouvrez l'application Alexa, appuyez sur **Plus** (dans le menu du bas), + ajouter, puis **Appareil**.
3. Appuyez sur **Lumière**, puis sur **Amazon Basics**.
4. Lorsque vous êtes invité à numériser le code-barres, appuyez sur **PAS DE CODE-BARRES?**
5. Appuyez sur **SUIVANT**, puis suivez les instructions à l'écran pour terminer la configuration.

Utilisation de l'ampoule intelligente

- Pour utiliser l'application Alexa, appuyez sur Appareils dans le menu du bas, puis appuyez sur Lumières.
- Utilisez la commande vocale de votre Amazon Alexa. (Par exemple, « Alexa, allume la lumière du salon ».)

Modification du style d'éclairage

Pour modifier la couleur, la température de la lumière ou la luminosité :

- Utilisez l'application Alexa.

OU

- Utilisez la commande vocale de votre Amazon Alexa. Par exemple, vous pourriez dire :
  - « Alexa, règle la lumière du salon sur blanc chaud. »
  - « Alexa, règle la lumière du salon à 50 %. »

Comprendre les ampoules à DEL

Ampoule	État
Clignote deux fois lentement	L'ampoule est prête à être configurée.
Clignote une fois lentement, puis reste à la couleur blanc doux au maximum de sa luminosité	L'ampoule est connectée.
Clignote cinq fois rapidement, puis clignote deux fois lentement à la couleur blanc doux	La réinitialisation aux paramètres d'usine est terminée et l'ampoule est prête à être configurée à nouveau

Modification des paramètres avec Alexa

Utilisez l'application Alexa pour renommer une lumière, ajouter des lumières à un groupe ou une pièce ou configurer des routines qui allument ou éteignent automatiquement une lumière.

Rétablissement aux paramètres d'usine

- Supprimez votre ampoule de l'application Alexa pour la réinitialiser aux paramètres d'usine.

OU

- Activez un interrupteur pour allumer et éteindre rapidement la lumière cinq fois. Lorsque vous l'allumez pour la sixième fois, l'ampoule clignote rapidement cinq fois, puis deux fois lentement. Cela indique que l'ampoule a été réinitialisée aux paramètres d'usine et qu'elle est à nouveau prête à être configurée.

Nettoyage et entretien

- Pour nettoyer l'ampoule à DEL intelligente à filament, essuyez-la avec un chiffon doux et légèrement humide.
- N'utilisez jamais de détergents corrosifs, de brosses métalliques, de tampons abrasifs ni d'ustensiles métalliques ou tranchants pour nettoyer l'ampoule.

Dépannage

Si l'ampoule intelligente ne fonctionne pas correctement, essayez les solutions suivantes.

Problème

L'ampoule ne s'allume pas.

Solutions

- Assurez-vous que l'interrupteur est allumé.
- Si l'ampoule est installée dans une lampe, assurez-vous que celle-ci est branchée sur une prise de courant qui fonctionne.

Problème

L'application Alexa ne trouve pas l'ampoule intelligente ou ne peut pas s'y connecter.

Solutions

- Assurez-vous de numériser le code-barres 2D dans le *Guide de configuration rapide*. Ne numérisez pas le code-barres sur l'emballage pour la configuration.
- Vérifiez que votre téléphone ou votre tablette ainsi que l'application Alexa sont bien à jour.
- Assurez-vous que votre téléphone ou votre tablette et votre ampoule à DEL intelligente sont connectés au même réseau Wi-Fi 2,4 GHz. L'ampoule n'est pas compatible avec les réseaux 5 GHz.
- Si vous avez un routeur Wi-Fi double et que les deux signaux réseau ont le même nom, renommez-en un et essayez de vous reconnecter au réseau 2,4 GHz.
- Assurez-vous que votre téléphone/tablette se trouve à moins de 9,14 m (30 pi) de l'ampoule intelligente.
- Effectuez une réinitialisation aux paramètres d'usine. Voir « Rétablissement aux paramètres d'usine ».

Problème

Comment puis-je réinitialiser l'ampoule?

Solutions

- Vous pouvez effectuer une réinitialisation aux paramètres d'usine en supprimant votre appareil de l'application Alexa.
- Si vous ne parvenez pas à supprimer votre appareil de l'application Alexa : éteignez et rallumez la lumière cinq fois à l'aide de l'interrupteur. Lorsque vous l'allumez pour la sixième fois, l'ampoule clignote rapidement cinq fois, puis deux fois lentement. Cela indique que l'ampoule a été réinitialisée aux paramètres d'usine et qu'elle est à nouveau prête à être configurée.

Problème

Si je perds le Guide de configuration rapide ou si aucun code-barres n'est disponible, comment puis-je configurer mon ampoule intelligente?

Solutions

- Vous pouvez configurer votre appareil sans code-barres. Les instructions se trouvent dans « Autres méthodes de configuration » à la page 13.

Problème

Le code d'erreur (-1:-1:-1:-1) s'affiche à l'écran.

Solutions

- Assurez-vous que le Bluetooth est activé sur votre téléphone tout au long du processus de configuration et que l'appareil que vous essayez de configurer est en mode de jumelage. Redémarrez votre appareil en l'éteignant et en le rallumant, puis reprenez la configuration.

Spécifications

Type de lumière	Blanc ajustable
Dimension du culot	E26
Tension nominale	120 V, 60 Hz
Puissance nominale	7 W
Rendement lumineux	800 lumens
Durée de vie	25 000 heures
Estimation du coût énergétique annuel	0,84 $ par année
Wi-Fi	2,4 GHz 802,11 b/g/n
Humidité de fonctionnement	De 0 % à 85 % d'humidité relative, sans condensation
Gradation	Non
Température de couleur	De 2200 K à 6500 K

Déclaration de conformité de la FCC

1. Cet appareil est conforme à la partie 15 des Règles de la FCC. Son fonctionnement est assujetti aux deux conditions suivantes :

   (1) cet appareil ne doit pas causer d'interférence préjudiciable;

   (2) cet appareil doit accepter toute interférence reçue, y compris toute interférence susceptible d'entraîner un fonctionnement indésirable.

2. Les modifications ou changements qui ne sont pas expressément approuvés par la partie responsable de la conformité peuvent annuler la capacité de l'utilisateur à utiliser l'équipement.

Déclaration sur les interférences de la FCC

Cet équipement a été testé et jugé conforme aux limites d'un appareil numérique de classe B, conformément à la partie 15 des Règles de la FCC. Ces limites sont conçues pour offrir une protection raisonnable contre les interférences préjudiciables dans une installation résidentielle. Cet équipement génère, utilise et peut émettre de l'énergie de radiofréquence et, s'il n'est pas installé et utilisé conformément aux instructions, peut provoquer des interférences nuisibles aux communications radio. Cependant, il n'y a aucune garantie que les interférences ne se produiront pas dans une installation particulière. Si cet équipement provoque des interférences préjudiciables à la réception radio ou télévisuelle, ce qui peut être déterminé en éteignant et en rallumant l'équipement, l'utilisateur est invité à essayer de corriger les interférences en appliquant une ou plusieurs des mesures suivantes :

- Réorientez ou déplacez l'antenne de réception.
- Augmentez la distance entre l'équipement et le récepteur.
- Branchez l'équipement sur une prise électrique d'un circuit différent de celui auquel le récepteur est branché.
- Pour obtenir de l'aide, contactez le revendeur ou un technicien expérimenté en radio ou en télévision.

Déclaration d'avertissement sur l'exposition aux radiofréquences : L'appareil a été évalué pour répondre aux exigences générales en matière d'exposition aux fréquences radio. Cet appareil doit être installé et utilisé à une distance minimale de 20 cm (8 po) entre le radiateur et votre corps.

Avis d'Industrie Canada (IC)

- Cet appareil contient des émetteurs/récepteurs exempts de licence qui sont conformes aux normes RSS applicables aux appareils exempts de licence d'Innovation, Science et Développement économique Canada. Son fonctionnement est assujetti aux deux conditions suivantes :

  (1) Cet appareil ne doit pas produire d'interférences; et

  (2) Cet appareil doit accepter les interférences, y compris les interférences susceptibles de compromettre le fonctionnement de l'appareil.
- Cet équipement est conforme aux limites d'exposition aux rayonnements établies par Industrie Canada pour un environnement non contrôlé.
- Cet appareil numérique de classe B est conforme à la norme canadienne CAN ICES-003(B)/ NMB-003(B).
- Cet équipement est conforme aux limites d'exposition aux rayonnements définies par la norme IC RSS-102 pour un environnement non contrôlé. Cet équipement doit être installé et utilisé en respectant une distance minimale de 20 cm (8 po) entre le radiateur et toute partie de votre corps.

Période de soutien des produits : Soutien des produits jusqu'au 31/12/2030

Suppression des données personnelles : L'utilisateur peut supprimer ses données via les options de libre-service, en contactant le service à la clientèle. Pour la suppression complète des données, les clients peuvent soit utiliser le processus en libre-service sur amazon.com, soit contacter le service d'assistance à la clientèle Amazon pour demander la fermeture du compte et la suppression des données.

Instrucciones de seguridad

Lee atentamente estas instrucciones y guárdalas para usarlas más adelante. Si esta bombilla se entrega a un tercero, deben incluirse estas instrucciones.

Al usar bombillas eléctricas, siempre se deben seguir las precauciones básicas de seguridad para reducir el riesgo de incendio, descarga eléctrica o lesiones a las personas, entre las cuales se encuentran las siguientes:

⚠ ADVERTENCIA Solo para uso en interiores. No la uses donde esté directamente expuesta al agua.

Estas bombillas deben instalarse en lugares secos y protegerse del agua o la humedad para evitar daños y peligros eléctricos.

⚠ PELIGRO **¡Riesgo de incendio, descarga eléctrica o muerte!** Asegúrate de que la luz esté apagada desde el interruptor para cambiar la bombilla y limpiarla.

⚠ ADVERTENCIA Manipula las bombillas de filamento con sumo cuidado, ya que están hechas de vidrio que se podría romper fácilmente en caso de impacto. Para evitar roturas y posibles lesiones, evita dejarla caer, golpearla o aplicarle una fuerza excesiva.

⚠ ADVERTENCIA Toma precauciones especiales cuando trabajes a cierta altura, por ejemplo, mientras usas una escalera. Usa el tipo correcto de escalera y asegúrate de que tenga una estructura firme. Utiliza la escalera de acuerdo con las instrucciones del fabricante.

⚠ PRECAUCIÓN NO DEBE USARSE EN LUMINARIAS TOTALMENTE CERRADAS.

⚠ PRECAUCIÓN ESTA BOMBILLA NO ESTÁ DISEÑADA PARA USARSE CON SALIDAS DE EMERGENCIA.

⚠ PRECAUCIÓN NO DEBE USARSE CON REGULADORES DE INTENSIDAD ESTÁNDAR. Utiliza únicamente el control suministrado o especificado en estas instrucciones para controlar esta bombilla. Esta bombilla no funcionará correctamente cuando esté conectada a un control de regulación o un regulador de intensidad estándar (incandescente).

⚠ PRECAUCIÓN

- El voltaje de funcionamiento de esta bombilla es de 120 V~. No está diseñada para un voltaje universal y no se puede usar en entornos de 220 V~.
- La bombilla no debe usarse si el difusor está roto.

- Esta bombilla está diseñada para conectarse a portalámparas E26 para cajas de salida o portalámparas E26 de luminarias abiertas.
- Esta bombilla tiene una potencia nominal de 120 V CA y debe conectarse a una fuente de alimentación adecuada.
- Esta bombilla está diseñada únicamente para uso doméstico seco o húmedo en interiores.
- No intentes desmontar, reparar ni modificar la bombilla.
- No utilices esta bombilla con un regulador de intensidad.

Antes del primer uso

⚠ PELIGRO ¡Riesgo de asfixia!
Mantén los materiales del embalaje fuera del alcance de niños y mascotas; estos materiales son un origen posible de peligro, p. ej., de asfixia.

- Retira todos los materiales del embalaje.
- Comprueba si se han producido daños en el transporte en las bombillas.

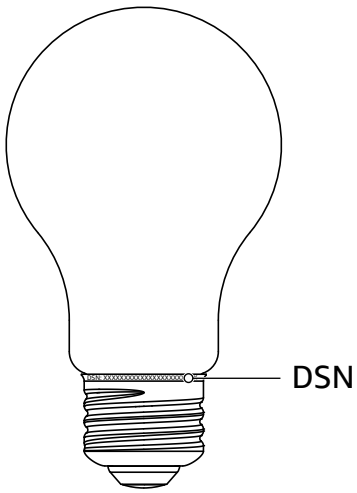

Contenido del paquete

- Bombilla led inteligente (1 o 4)
- *Guía de configuración rápida*
- *Manual de seguridad*

Compatibilidad

- Red wifi de 2,4 GHz
- Base: E26

Descripción general de las piezas

Configuración de la bombilla inteligente

Puedes configurar la bombilla inteligente con el código de barras 2D de la *Guía de configuración rápida* (recomendado) o sin un código de barras 2D.

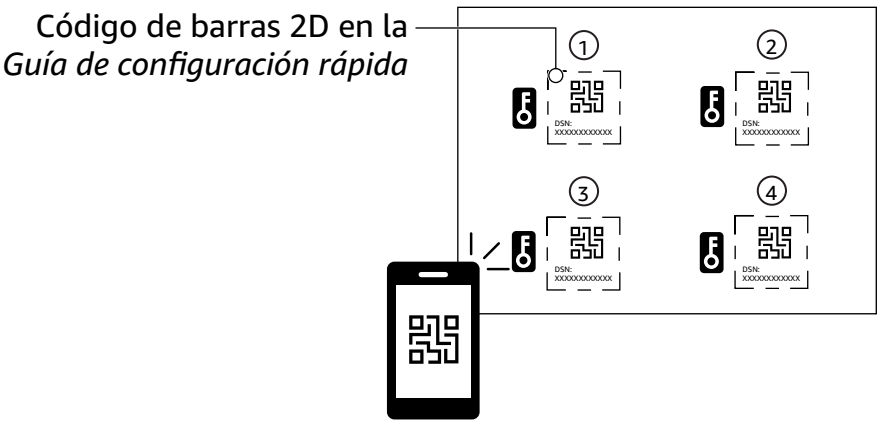

Configuración con el código de barras 2D de la *Guía de configuración rápida* (recomendado)

Nota: Es posible que algunos dispositivos se conecten automáticamente a Alexa mediante la tecnología de configuración sin frustraciones de Amazon.

1. Descarga la versión más reciente de la aplicación de Alexa de la tienda de aplicaciones e inicia sesión.
2. Enrosca la bombilla y, a continuación, enciende la luz.

3. Abre la aplicación de Alexa, toca **Más** (en el menú inferior), + Añadir y, a continuación, **Dispositivo**.
4. Pulsa **Luz**, **Amazon Basics** y, a continuación, selecciona **Bombilla Amazon Basics**.
5. Sigue los pasos de la aplicación de Alexa para completar la configuración. Cuando se te pida, escanea los códigos de barras 2D de la *Guía de configuración rápida*.

   Si tienes más de una bombilla inteligente y quieres escanear el código de barras 2D de la Guía de configuración rápida, haz coincidir el número DSN de la bombilla inteligente con el código de barras 2D.

AVISO No escanees el código de barras del embalaje. Si el escaneo del código de barras 2D da error o si pierdes esta *Guía de configuración rápida*, consulta “Método de configuración alternativo” en la página 22.

Método de configuración alternativo

Configuración sin el código de barras

Sigue estas instrucciones si la configuración del código de barras 2D no funciona.

1. Enrosca la bombilla y, a continuación, enciende la luz.
2. Abre la aplicación de Alexa, toca **Más** (en el menú inferior), + Añadir y, a continuación, **Dispositivo**.
3. Selecciona **Luz** y, luego, **Amazon Basics**.
4. Cuando se te pida que escanees el código de barras, selecciona **¿NO TIENES UN CÓDIGO DE BARRAS?**
5. Pulsa **SIGUIENTE** y, a continuación, sigue las instrucciones que aparecen en pantalla para completar la configuración.

Uso de la bombilla inteligente

- Para usar la aplicación de Alexa, selecciona Dispositivos en el menú inferior y, a continuación, elige Luces.
- Usa el control por voz de tu Amazon Alexa. (Por ejemplo, "Alexa, enciende la luz del salón").

Cambiar el estilo de iluminación

Para cambiar el color, la temperatura o el brillo de la luz, haz lo siguiente:

- Usa la aplicación de Alexa.

O

- Usa el control por voz de tu Amazon Alexa. Por ejemplo, podrías decir lo siguiente:
  - "Alexa, ajusta la luz del salón a blanco cálido".
  - "Alexa, ajusta la luz del salón al 50 %".

Explicación de los ledes

Bombilla	Estado
Parpadea dos veces de forma tenue	La bombilla está lista para su configuración.
Parpadea una vez de forma tenue y, a continuación, permanece de color blanco suave con el brillo al máximo	La bombilla está conectada
Parpadea cinco veces rápidamente y, a continuación, parpadea dos veces de forma tenue en blanco suave	Se han restablecido los valores de fábrica y la bombilla está lista para volver a configurarse

Cambiar la configuración con Alexa

Usa la aplicación de Alexa para cambiar el nombre de una luz, añadir luces a un grupo o habitación o configurar rutinas que enciendan o apaguen automáticamente una luz.

Restablecer los valores predeterminados de fábrica

- Elimina la bombilla de la aplicación de Alexa para restablecer sus valores de fábrica.

O

- Usa un interruptor para encender y apagar rápidamente la luz 5 veces. Cuando enciendas la luz por sexta vez, la bombilla parpadeará rápidamente 5 veces y, luego, 2 veces suavemente. Esto indica que se han restablecido los valores de fábrica de la bombilla y que esta está lista para volver a configurarse.

Limpieza y mantenimiento

- Para limpiar la bombilla led inteligente de filamento, pasa una toallita suave y ligeramente húmeda.
- Nunca utilices detergentes corrosivos, cepillos de alambre, estropajos abrasivos ni utensilios metálicos o afilados para limpiar la bombilla.

Solución de problemas

Si la bombilla inteligente no funciona correctamente, prueba las siguientes soluciones.

Problema

La bombilla no se enciende.

Soluciones

- Asegúrate de que el interruptor de la luz esté encendido.
- Si se instala en una lámpara, asegúrate de que esté enchufada a una toma de corriente que funcione.

Problema

La aplicación de Alexa no puede encontrar la bombilla inteligente ni conectarse a ella.

Soluciones

- Asegúrate de escanear el código de barras 2D de la *Guía de configuración rápida*. No escanees el código de barras del embalaje para la configuración.
- Asegúrate de que tu teléfono o tablet y la aplicación de Alexa tengan la versión de software más reciente.
- Asegúrate de que el teléfono o tablet y la bombilla led inteligente estén conectados a la misma red wifi de 2,4 GHz. La bombilla no es compatible con redes de 5 GHz.
- Si tienes un rúter wifi dual y ambas señales de red tienen el mismo nombre, cámbiale el nombre a una e intenta volver a conectarte a la red de 2,4 GHz.
- Asegúrate de que tu teléfono o tablet esté a menos de 9,14 m (30 ft) de la bombilla inteligente.
- Restablece los valores de fábrica. Consulta Restablecer los valores predeterminados de fábrica.

Problema

¿Cómo se restablece la bombilla?

Soluciones

- Para restablecer los valores de fábrica, elimina el dispositivo de la aplicación de Alexa.
- Si no puedes eliminar el dispositivo de la aplicación de Alexa, usa un interruptor para encender y apagar rápidamente la luz 5 veces. Cuando enciendas la luz por sexta vez, la bombilla parpadeará rápidamente 5 veces y, luego, 2 veces suavemente. Esto indica que se han restablecido los valores de fábrica de la bombilla y que esta está lista para volver a configurarse.

Problema

Si pierdo la Guía de configuración rápida o no hay ningún código de barras disponible, ¿cómo puedo configurar la bombilla inteligente?

Soluciones

- Puedes configurar el dispositivo sin código de barras. Encontrarás las instrucciones en “Método de configuración alternativo” en la página 22.

Problema

Aparece el código de error (-1 :-1 :-1 :-1) en la pantalla.

Soluciones

- Asegúrate de que el teléfono tenga el Bluetooth encendido durante todo el proceso de configuración y de que el dispositivo que intentas configurar esté en modo de emparejamiento. Apaga y enciende el dispositivo para reiniciarlo y vuelve a configurarlo.

Especificaciones

Dirección postal	IMPORTADORA AMAZON MÉXICO,S. DE R.L. DE C.V. BOULEVARD MANUEL ÁVILA CAMACHO #261 PISO 5 COLONIA POLANCO I SECCIÓN, MIGUEL HIDALGO, CIUDAD DE MÉXICO, C.P.11510 MÉXICO RFC:ACA140623TXA
Teléfono	800-874-8725
Tipo de luz	Blanco ajustable
Tamaño de la base	E26
Tensión nominal	120 V, 60 Hz
Potencia nominal	7 W
Lúmenes de salida	800 lúmenes
Vida útil	25 000 horas
Coste energético anual estimado	0,84 $ al año
Wifi	2,4 GHz 802.11 b/g/n
Humedad de funcionamiento	0 %-85 % de humedad relativa, sin condensación
Regulable	No
Temperatura de color	Entre 2200 K y 6500 K

[Apache-2.0](https://spdx.org/licenses/Apache-2.0.html)
OR [GPL-2.0-or-later](https://spdx.org/licenses/GPL-2.0-or-later.html) license.
This means that users may choose which of these licenses they take the code
under.

The full text of each of these licenses is given below.

Apache License
Version 2.0, January 2004
http://www.apache.org/licenses/

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction,
and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by
the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all
other entities that control, are controlled by, or are under common
control with that entity. For the purposes of this definition,
"control" means (i) the power, direct or indirect, to cause the
direction or management of such entity, whether by contract or
otherwise, or (ii) ownership of fifty percent (50%) or more of the
outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity
exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications,
including but not limited to software source code, documentation
source, and configuration files.

"Object" form shall mean any form resulting from mechanical
transformation or translation of a Source form, including but
not limited to compiled object code, generated documentation,
and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or
Object form, made available under the License, as indicated by a
copyright notice that is included in or attached to the work
(an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object

form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

(a) You must give any other recipients of the Work or Derivative Works a copy of this License; and

(b) You must cause any modified files to carry prominent notices stating that You changed the files; and

(c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

(d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each

Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

END OF TERMS AND CONDITIONS

APPENDIX: How to apply the Apache License to your work.

To apply the Apache License to your work, attach the following boilerplate notice, with the fields enclosed by brackets "[]" replaced with your own identifying information. (Don't include the brackets!) The text should be enclosed in the appropriate comment syntax for the file format. We also recommend that a file or class name and description of purpose be included on the same "printed page" as the copyright notice for easier identification within third-party archives.

GNU GENERAL PUBLIC LICENSE
Version 2, June 1991

Copyright (C) 1989, 1991 Free Software Foundation, Inc.,
51 Franklin Street, Fifth Floor, Boston, MA 02110-1301 USA
Everyone is permitted to copy and distribute verbatim copies
of this license document, but changing it is not allowed.

Preamble

The licenses for most software are designed to take away your freedom to share and change it. By contrast, the GNU General Public License is intended to guarantee your freedom to share and change free software--to make sure the software is free for all its users. This General Public License applies to most of the Free Software Foundation’s software and to any other program whose authors commit to using it. (Some other Free Software Foundation software is covered by the GNU Lesser General Public License instead.) You can apply it to your programs, too.

When we speak of free software, we are referring to freedom, not price. Our General Public Licenses are designed to make sure that you have the freedom to distribute copies of free software (and charge for this service if you wish), that you receive source code or can get it if you want it, that you can change the software or use pieces of it in new free programs; and that you know you can do these things.

To protect your rights, we need to make restrictions that forbid anyone to deny you these rights or to ask you to surrender the rights. These restrictions translate to certain responsibilities for you if you distribute copies of the software, or if you modify it.

For example, if you distribute copies of such a program, whether gratis or for a fee, you must give the recipients all the rights that you have. You must make sure that they, too, receive or can get the source code. And you must show them these terms so they know their rights.

We protect your rights with two steps: (1) copyright the software, and (2) offer you this license which gives you legal permission to copy, distribute and/or modify the software.

Also, for each author's protection and ours, we want to make certain that everyone understands that there is no warranty for this free software. If the software is modified by someone else and passed on, we want its recipients to know that what they have is not the original, so that any problems introduced by others will not reflect on the original authors' reputations.

Finally, any free program is threatened constantly by software patents. We wish to avoid the danger that redistributors of a free program will individually obtain patent licenses, in effect making the program proprietary. To prevent this, we have made it clear that any patent must be licensed for everyone's free use or not licensed at all.

The precise terms and conditions for copying, distribution and modification follow.

GNU GENERAL PUBLIC LICENSE
TERMS AND CONDITIONS FOR COPYING, DISTRIBUTION AND MODIFICATION

0. This License applies to any program or other work which contains a notice placed by the copyright holder saying it may be distributed under the terms of this General Public License. The "Program", below, refers to any such program or work, and a "work based on the Program" means either the Program or any derivative work under copyright law: that is to say, a work containing the Program or a portion of it, either verbatim or with modifications and/or translated into another language. (Hereinafter, translation is included without limitation in the term "modification".) Each licensee is addressed as "you".

Activities other than copying, distribution and modification are not covered by this License; they are outside its scope. The act of running the Program is not restricted, and the output from the Program is covered only if its contents constitute a work based on the Program (independent of having been made by running the Program). Whether that is true depends on what the Program does.

1. You may copy and distribute verbatim copies of the Program's source code as you receive it, in any medium, provided that you conspicuously and appropriately publish on each copy an appropriate copyright notice and disclaimer of warranty; keep intact all the notices that refer to this License and to the absence of any warranty; and give any other recipients of the Program a copy of this License along with the Program.

You may charge a fee for the physical act of transferring a copy, and you may at your option offer warranty protection in exchange for a fee.

2. You may modify your copy or copies of the Program or any portion of it, thus forming a work based on the Program, and copy and distribute such modifications or work under the terms of Section 1 above, provided that you also meet all of these conditions:

a) You must cause the modified files to carry prominent notices stating that you changed the files and the date of any change.

b) You must cause any work that you distribute or publish, that in whole or in part contains or is derived from the Program or any part thereof, to be licensed as a whole at no charge to all third parties under the terms of this License.

c) If the modified program normally reads commands interactively when run, you must cause it, when started running for such interactive use in the most ordinary way, to print or display an announcement including an appropriate copyright notice and a notice that there is no warranty (or else, saying that you provide a warranty) and that users may redistribute the program under these conditions, and telling the user how to view a copy of this License. (Exception: if the Program itself is interactive but does not normally print such an announcement, your work based on the Program is not required to print an announcement.)

These requirements apply to the modified work as a whole. If identifiable sections of that work are not derived from the Program, and can be reasonably considered independent and separate works in themselves, then this License, and its terms, do not apply to those sections when you distribute them as separate works. But when you distribute the same sections as part of a whole which is a work based on the Program, the distribution of the whole must be on the terms of this License, whose permissions for other licensees extend to the entire whole, and thus to each and every part regardless of who wrote it.

Thus, it is not the intent of this section to claim rights or contest your rights to work written entirely by you; rather, the intent is to exercise the right to control the distribution of derivative or collective works based on the Program.

In addition, mere aggregation of another work not based on the Program with the Program (or with a work based on the Program) on a volume of a storage or distribution medium does not bring the other work under the scope of this License.

3. You may copy and distribute the Program (or a work based on it, under Section 2) in object code or executable form under the terms of Sections 1 and 2 above provided that you also do one of the following:

a) Accompany it with the complete corresponding machine-readable source code, which must be distributed under the terms of Sections 1 and 2 above on a medium customarily used for software interchange; or,

b) Accompany it with a written offer, valid for at least three years, to give any third party, for a charge no more than your cost of physically performing source distribution, a complete machine-readable copy of the corresponding source code, to be

distributed under the terms of Sections 1 and 2 above on a medium customarily used for software interchange; or,

c) Accompany it with the information you received as to the offer to distribute corresponding source code. (This alternative is allowed only for noncommercial distribution and only if you received the program in object code or executable form with such an offer, in accord with Subsection b above.)

The source code for a work means the preferred form of the work for making modifications to it. For an executable work, complete source code means all the source code for all modules it contains, plus any associated interface definition files, plus the scripts used to control compilation and installation of the executable. However, as a special exception, the source code distributed need not include anything that is normally distributed (in either source or binary form) with the major components (compiler, kernel, and so on) of the operating system on which the executable runs, unless that component itself accompanies the executable.

If distribution of executable or object code is made by offering access to copy from a designated place, then offering equivalent access to copy the source code from the same place counts as distribution of the source code, even though third parties are not compelled to copy the source along with the object code.

4. You may not copy, modify, sublicense, or distribute the Program except as expressly provided under this License. Any attempt otherwise to copy, modify, sublicense or distribute the Program is void, and will automatically terminate your rights under this License. However, parties who have received copies, or rights, from you under this License will not have their licenses terminated so long as such parties remain in full compliance.

5. You are not required to accept this License, since you have not signed it. However, nothing else grants you permission to modify or distribute the Program or its derivative works. These actions are prohibited by law if you do not accept this License. Therefore, by modifying or distributing the Program (or any work based on the Program), you indicate your acceptance of this License to do so, and all its terms and conditions for copying, distributing or modifying the Program or works based on it.

6. Each time you redistribute the Program (or any work based on the Program), the recipient automatically receives a license from the original licensor to copy, distribute or modify the Program subject to these terms and conditions. You may not impose any further restrictions on the recipients' exercise of the rights granted herein. You are not responsible for enforcing compliance by third parties to this License.

7. If, as a consequence of a court judgment or allegation of patent

infringement or for any other reason (not limited to patent issues), conditions are imposed on you (whether by court order, agreement or otherwise) that contradict the conditions of this License, they do not excuse you from the conditions of this License. If you cannot distribute so as to satisfy simultaneously your obligations under this License and any other pertinent obligations, then as a consequence you may not distribute the Program at all. For example, if a patent license would not permit royalty-free redistribution of the Program by all those who receive copies directly or indirectly through you, then the only way you could satisfy both it and this License would be to refrain entirely from distribution of the Program.

If any portion of this section is held invalid or unenforceable under any particular circumstance, the balance of the section is intended to apply and the section as a whole is intended to apply in other circumstances.

It is not the purpose of this section to induce you to infringe any patents or other property right claims or to contest validity of any such claims; this section has the sole purpose of protecting the integrity of the free software distribution system, which is implemented by public license practices. Many people have made generous contributions to the wide range of software distributed through that system in reliance on consistent application of that system; it is up to the author/donor to decide if he or she is willing to distribute software through any other system and a licensee cannot impose that choice.

This section is intended to make thoroughly clear what is believed to be a consequence of the rest of this License.

8. If the distribution and/or use of the Program is restricted in certain countries either by patents or by copyrighted interfaces, the original copyright holder who places the Program under this License may add an explicit geographical distribution limitation excluding those countries, so that distribution is permitted only in or among countries not thus excluded. In such case, this License incorporates the limitation as if written in the body of this License.

9. The Free Software Foundation may publish revised and/or new versions of the General Public License from time to time. Such new versions will be similar in spirit to the present version, but may differ in detail to address new problems or concerns.

Each version is given a distinguishing version number. If the Program specifies a version number of this License which applies to it and “any later version”, you have the option of following the terms and conditions either of that version or of any later version published by the Free Software Foundation. If the Program does not specify a version number of this License, you may choose any version ever published by the Free Software Foundation.

10. If you wish to incorporate parts of the Program into other free programs whose distribution conditions are different, write to the author to ask for permission. For software which is copyrighted by the Free Software Foundation, write to the Free Software Foundation; we sometimes make exceptions for this. Our decision will be guided by the two goals of preserving the free status of all derivatives of our free software and of promoting the sharing and reuse of software generally.

NO WARRANTY

11. BECAUSE THE PROGRAM IS LICENSED FREE OF CHARGE, THERE IS NO WARRANTY FOR THE PROGRAM, TO THE EXTENT PERMITTED BY APPLICABLE LAW. EXCEPT WHEN OTHERWISE STATED IN WRITING THE COPYRIGHT HOLDERS AND/OR OTHER PARTIES PROVIDE THE PROGRAM "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE PROGRAM IS WITH YOU. SHOULD THE PROGRAM PROVE DEFECTIVE, YOU ASSUME THE COST OF ALL NECESSARY SERVICING, REPAIR OR CORRECTION.

12. IN NO EVENT UNLESS REQUIRED BY APPLICABLE LAW OR AGREED TO IN WRITING WILL ANY COPYRIGHT HOLDER, OR ANY OTHER PARTY WHO MAY MODIFY AND/OR REDISTRIBUTE THE PROGRAM AS PERMITTED ABOVE, BE LIABLE TO YOU FOR DAMAGES, INCLUDING ANY GENERAL, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE THE PROGRAM (INCLUDING BUT NOT LIMITED TO LOSS OF DATA OR DATA BEING RENDERED INACCURATE OR LOSSES SUSTAINED BY YOU OR THIRD PARTIES OR A FAILURE OF THE PROGRAM TO OPERATE WITH ANY OTHER PROGRAMS), EVEN IF SUCH HOLDER OR OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

END OF TERMS AND CONDITIONS

How to Apply These Terms to Your New Programs

If you develop a new program, and you want it to be of the greatest possible use to the public, the best way to achieve this is to make it free software which everyone can redistribute and change under these terms.

To do so, attach the following notices to the program. It is safest to attach them to the start of each source file to most effectively convey the exclusion of warranty; and each file should have at least the "copyright" line and a pointer to where the full notice is found.

<one line to give the program's name and a brief idea of what it does.>
Copyright (C) <year> <name of author>

This program is free software; you can redistribute it and/or modify it under the terms of the GNU General Public License as published by the Free Software Foundation; either version 2 of the License, or (at your option) any later version.

This program is distributed in the hope that it will be useful,

    but WITHOUT ANY WARRANTY; without even the implied warranty of
    MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE. See the
    GNU General Public License for more details.

    You should have received a copy of the GNU General Public License along
    with this program; if not, write to the Free Software Foundation, Inc.,
    51 Franklin Street, Fifth Floor, Boston, MA 02110-1301 USA.

Also add information on how to contact you by electronic and paper mail.

If the program is interactive, make it output a short notice like this
when it starts in an interactive mode:

    Gnomovision version 69, Copyright (C) year name of author
    Gnomovision comes with ABSOLUTELY NO WARRANTY; for details type `show w'.
    This is free software, and you are welcome to redistribute it
    under certain conditions; type `show c' for details.

The hypothetical commands `show w' and `show c' should show the appropriate
parts of the General Public License. Of course, the commands you use may
be called something other than `show w' and `show c'; they could even be
mouse-clicks or menu items--whatever suits your program.

You should also get your employer (if you work as a programmer) or your
school, if any, to sign a "copyright disclaimer" for the program, if
necessary. Here is a sample; alter the names:

  Yoyodyne, Inc., hereby disclaims all copyright interest in the program
  `Gnomovision' (which makes passes at compilers) written by James Hacker.

  <signature of Ty Coon>, 1 April 1989
  Ty Coon, President of Vice

This General Public License does not permit incorporating your program into
proprietary programs. If your program is a subroutine library, you may
consider it more useful to permit linking proprietary applications with the
library. If this is what you want to do, use the GNU Lesser General
Public License instead of this License.

Apache License
Version 2.0, January 2004
http://www.apache.org/licenses/

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

“License” shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

“Licensor” shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

“Legal Entity” shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, “control” means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

“You” (or “Your”) shall mean an individual or Legal Entity exercising permissions granted by this License.

“Source” form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

“Object” form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

“Work” shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

“Derivative Works” shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

“Contribution” shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, “submitted” means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as “Not a Contribution.”

“Contributor” shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently

incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

(a) You must give any other recipients of the Work or Derivative Works a copy of this License; and

(b) You must cause any modified files to carry prominent notices stating that You changed the files; and

(c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

(d) If the Work includes a “NOTICE” text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may

provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an “AS IS” BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

END OF TERMS AND CONDITIONS

APPENDIX: How to apply the Apache License to your work.

To apply the Apache License to your work, attach the following boilerplate

notice, with the fields enclosed by brackets "[]" replaced with your own identifying information. (Don't include the brackets!) The text should be enclosed in the appropriate comment syntax for the file format. We also recommend that a file or class name and description of purpose be included on the same "printed page" as the copyright notice for easier identification within third-party archives.

Copyright [yyyy] [name of copyright owner]

Licensed under the Apache License, Version 2.0 (the "License");
you may not use this file except in compliance with the License.
You may obtain a copy of the License at

http://www.apache.org/licenses/LICENSE-2.0

Unless required by applicable law or agreed to in writing, software
distributed under the License is distributed on an "AS IS" BASIS,
WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied.
See the License for the specific language governing permissions and
limitations under the License.

** libwebsockets; version 4.3.0 -- https://libwebsockets.org/
Copyright (C) 2010 - 2019 Andy Green <andy@warmcat.com>

Libwebsockets and included programs are provided under the terms of the
MIT license shown below, with the exception that some sources are under
a similar permissive license like BSD, or are explicitly CC0 / public
domain to remove any obstacles from basing differently-licensed code on
them.

Original liberal license retained:

 - lib/misc/sha-1.c - 3-clause BSD license retained, link to original
 - win32port/zlib - ZLIB license (see zlib.h)
 - lib/tls/mbedtls/wrapper - Apache 2.0 (only built if linked against
mbedtls)
 - lib/misc/base64-decode.c - already MIT

Relicensed to MIT:

 - lib/misc/daemonize.c - relicensed from Public Domain to MIT,
 link to original Public Domain version
 - lib/plat/windows/windows-resolv.c - relicensed from “Beerware v42” to MIT

Public Domain (CC-zero) to simplify reuse:

 - test-apps/*.c
 - test-apps/*.h
 - minimal-examples/*
 - lwsws/*

Although libwebsockets is available under a permissive license, it does not change the reality of dealing with large lumps of external code... if your copy diverges it is guaranteed to contain security problems after a while and can be very painful to pick backports (especially since historically, we are very hot on cleaning and refactoring the codebase). The least painful and lowest risk way remains sending your changes and fixes upstream to us so you can easily use later releases and fixes.

MIT License applied to libwebsockets:

https://opensource.org/licenses/MIT

Permission is hereby granted, free of charge, to any person obtaining a copy of this software and associated documentation files (the “Software”), to deal in the Software without restriction, including without limitation the rights to use, copy, modify, merge, publish, distribute, sublicense, and/or sell copies of the Software, and to permit persons to whom the Software is furnished to do so, subject to the following conditions:
