Installing the Linksys app on your Android™ device via the Google Play™ Store and Google Play Website

The **Linksys app** is a free mobile application that allows you to securely access your home network, router features, settings and configuration from a mobile device connected to your Linksys Smart Wi-Fi Router. This article will guide you on how to properly install the app via **Google Play™ Store** and **Google Play™ website**.

To learn how to download and install Linksys app for your Apple® devices, click here.

Basic requirements for installation:

- Active Internet connection
- Android™ 4.0.3 and later
- Active Gmail or Google Play Store Account

NOTE: This app only works with Linksys Smart Wi-Fi Routers and Linksys Velop.

Google Play Store

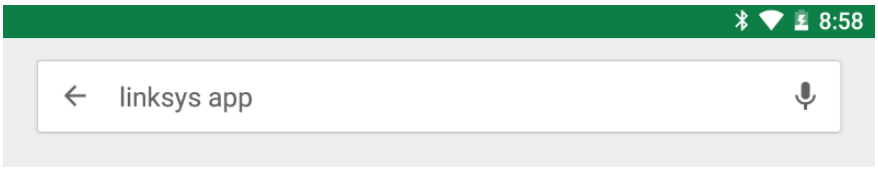

Step 1:

Tap the 

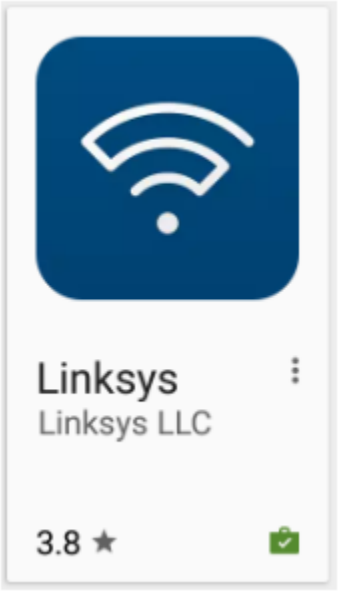

icon on your device's navigation menu.

Step 2:
Sign in using your active Gmail or Google Play Store Account and follow the on-screen instructions.

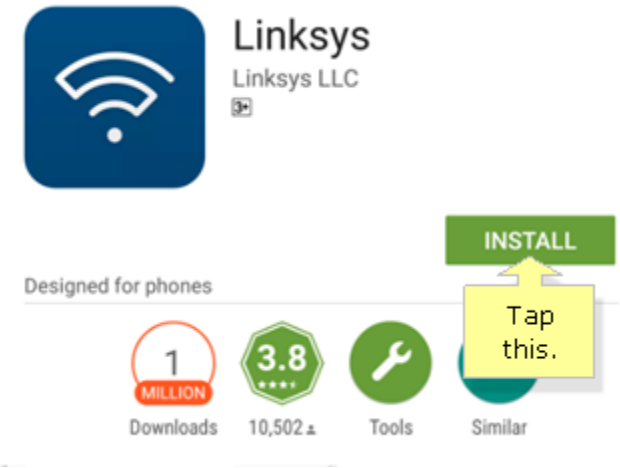

Step 3:
Tap the search bar, enter "linksys app" and then tap the search icon.

Step 4:
Select the Linksys app installer.

Step 5:
Tap **INSTALL** and wait for the app to download completely.

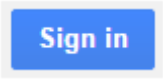

Once finished, tap  or look for the Linksys app icon on your device's navigation menu to utilize it.

Google Play website

Step 1:
On your web browser, access the Google Play website or enter

“http://play.google.com/store” in the Address bar.

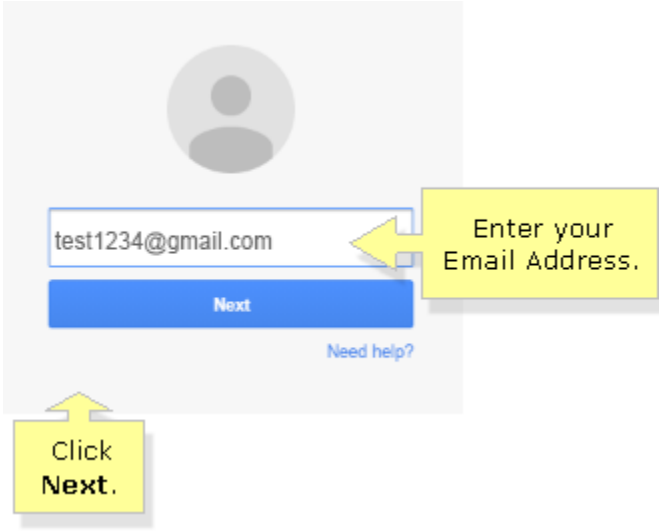

Step 2:

Click the 

button located at the upper-right corner of the website.

Step 3:

Enter the Email Address that you have associated with your Android device then click **Next**.

NOTE: To use this feature, you must create and associate your Email Address to your device. You can refer to your device’s user manual for information about how this process works.

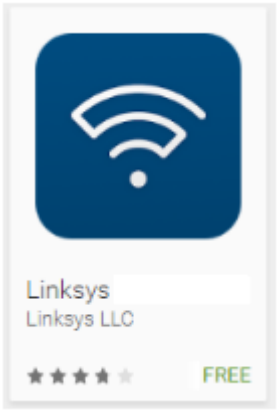

Step 4:

Enter your Password then click **Sign in**.

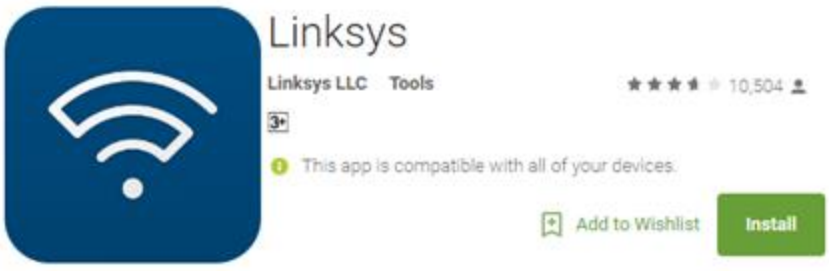

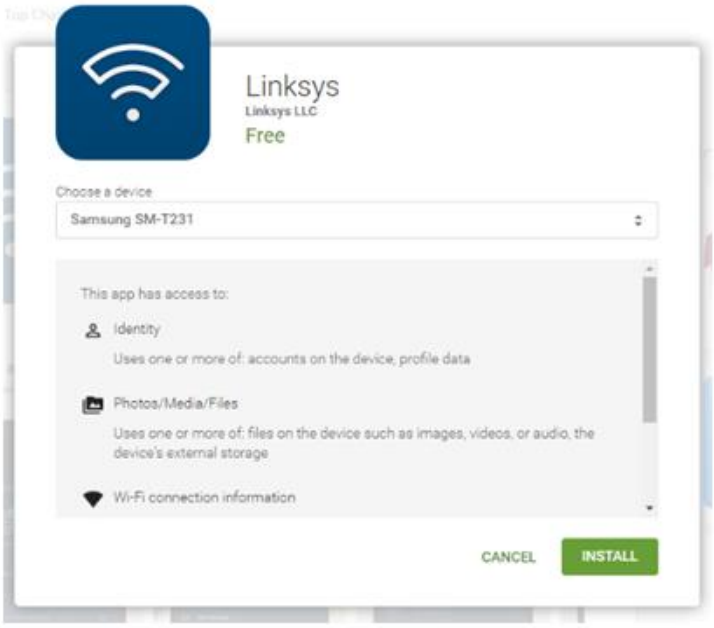

Step 5:
Search for “linksys app” in the Google Play website.

Step 6:
Select the Linksys app installer.

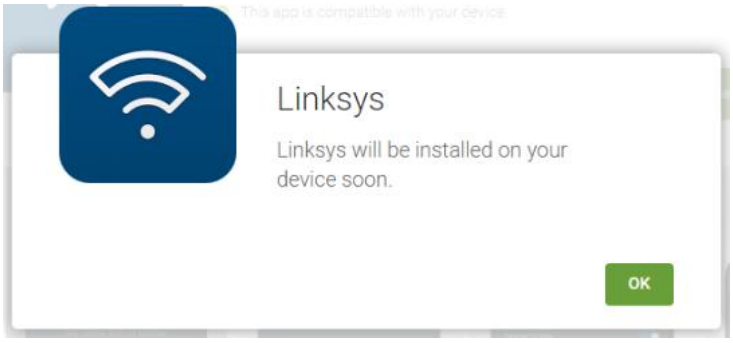

Step 7:
Click **Install**.

IMPORTANT: Make sure that your Android device is connected to the Internet before proceeding with the installation.

Step 8:
You will be notified that the Linksys app will be installed on your device soon. Then, click **OK**.

NOTE: This will initiate the installation of Linksys app on your device.

Step 9:

Check your mobile device. The installation is complete when this icon  is displayed on the upper-left corner of your device's screen.

To confirm if the installation is successful, the Linksys app icon should appear in your device's navigation menu.
