SLASH6

DoBlue Inc.
40 BANFI PLAZA NORTH
UNIT B
FARMINGDALE, NY 11735
Made in Korea

Warranty

All DO's products are warranted by DO Co., LTD to the original purchaser against defects in workmanship and material for a period of 12 months from the date of delivery. This warranty is void for parts damaged from mishandling, faulty installation or adjustment, improper use, accident, negligence and natural disaster.

USAGE

Power Supply at Home

1. Connect the DC adapter and USB cable into the SLASH in order to provide power. 2
2. Connect the RCA output of SLASH to the external input (AUX, Line in, CD, Tuner, Tape) of the audio amplifier. [Audio amplifier must be turned off when you connect the SLASH.] 3

Listening to music through Bluetooth connection with your smartphone

1. Search for a Bluetooth device in the settings window of your smartphone and click [SLASH] to connect.
2. If you play music on your smartphone, you can listen to the music from the audio amplifier.

Listening to music with headphones (SLASH6)

1. You can connect headphones to listen to music at the same time. 4

Listening to audio externally with optical output (SLASH6)

1. If you connect the optical output of SLASH and an external device (integrated amplifier, DAC and a device capable of optical input), you can listen to music at the same time. 5
2. You can listen to music simultaneously with the audio amplifier, headphones and optical output.

Listening to audio with optical input (SLASH6)

1. Connect the optical output of the TV or CD player to the optical input of the SLASH. 5
2. Turn on the TV or click the play button on the CD Player.
3. You can listen to music from TV or CD Player.
4. The digital output format of the TV or CD Player must be set to PCM.

Listening to audio through analog connection (SLASH6)

1. Connect the analog output terminal of an external device such as MP3 or CD player to the analog input terminal of the SLASH. 6
2. If you click the play button of MP3 or CD Player, you can listen to music from the audio amplifier.

Listening a high quality music with USB-DAC [PC-FI] (SLASH6)

1. Connect the computer's USB Port to the SLASH 6. 1
2. When you start audio playback on your computer, you can listen to music from the audio amplifier connected to the SLASH 6.
3. If SLASH is connected to a Bluetooth device, you need to stop playing the bluetooth device.

Priority of audio devices connected to SLASH6

1. Priority of Audio devices connected to Slash 6 is 1) Bluetooth 2) USB DAC (PC-Fi) 3) Analog input 4) Optical connection.
2. You can not listen to music played on devices connected to the USB DAC or Optical connection while being played on the bluetooth of the smartphone.
3. Optical connection output is available for audio output simultaneously with RCA.

It is recommended to enjoy music by maximizing the volume of the Bluetooth device (cell phone, tablet, laptop, desktop, etc.) and adjusting the volume to your taste with the volume of the amplifier.

Spec and Feature

	SLASH3	SLASH6
Purpose of Use	Hi-Fi Audio	Hi-Fi Audio, USB DAC (PC Fi)
Bluetooth Chipset	Qualcomm QCC 5125	
Bluetooth Version	5.1	
Bluetooth Profile	A2DP,AVRCP	
Codec	LDAC, AptX Adaptive, AptX HD, AptX LL, AptX, AAC, SBC	
Working Range	Within 10 meter	
Quad DAC ES9219	Quad DAC ES9219	
SNR	130db	
THD + N	-112db	
Frequency Response	20 ~ 20,000Hz	
OP Amp(LPF)	○	
USB DAC	-	~96Khz, 24Bit
Headphone Output	-	3.5mm(1.0Vrms)
Optical Output	-	3.5mm
Optical Input	-	3.5mm
Power	USB Type-C	
Bluetooth Codec LED	○ LDAC (White), AptX (Blue), AptX Adaptive (Sky blue), AptX HD (Green), USB DAC (Yellow Green), AAC (Violet), SBC (Yellow)	
Components	SLASH3: SLASH BODY, Female RCA Gender, USB (TYPE C) CABLE, MANUAL SLASH6: SLASH BODY, Female RCA Gender, USB (TYPE C) CABLE, MANUAL, Optical CABLE	

CABLES

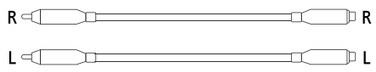

1 USB Type A — USB Type C

2 DC Adapter — USB Type C

3 Aux, Line IN, CD, Tuner, Tape — SLASH 3,5,6 (RCA output)

4 Headphone output (3.5mm) — Headphone

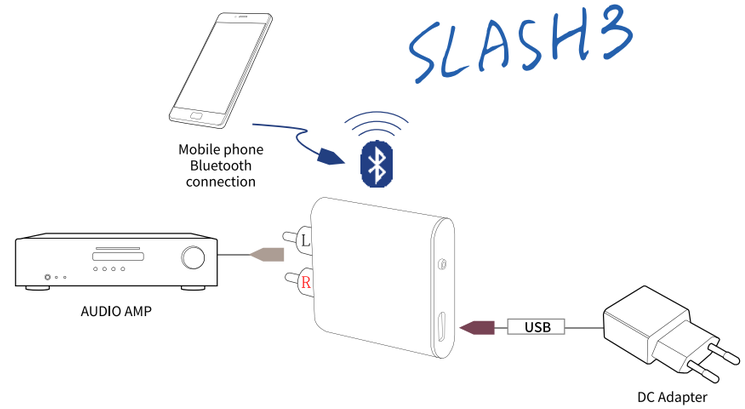

5 Optical input/ output — TV, CD Optical Output/ DAC, Audio Amplifier Optical Input

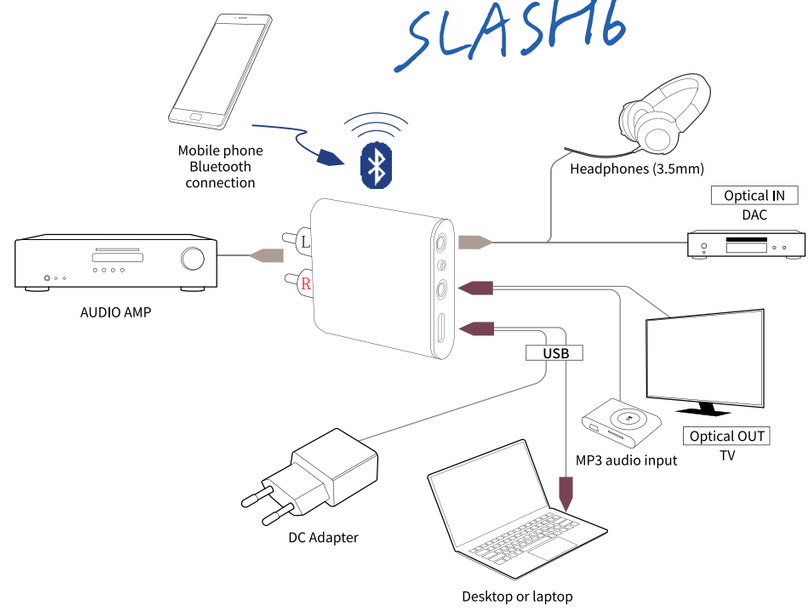

6 Audio cable (3.5mm)

SLASH6

FCC ID: 2A8R2-SLASH

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and

(2) This device must accept any interference received, including interference that may cause undesired operation.

Caution

Any changes or modifications (including the antenna) made to this device that are not expressly approved by the manufacturer may void the user's authority to operate the equipment.

To comply with FCC RF exposure compliance requirements, a separation distance of at least 20 cm must be maintained between the antenna of this device and all persons.

This device must not be co-located or operation in conjunction with any other antenna or transmitter.

This equipment complies with FCC

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

CAUTION
RISK OF ELECTRIC SHOCK
DO NOT OPEN

CAUTION : TO REDUCE THE RISK OF ELECTRIC SHOCK,
DO NOT REMOVE COVER (OR BACK)
NO USER SERVICEABLE PARTS INSIDE
REFER SERVICING TO QUALIFIED SERVICE PERSONNEL.
