The Schumacher Electric Limited Warranty Program

Schumacher Electric customers have come to know and trust our products for their durability and reliability. That's due in part to our comprehensive warranty program - a pledge to build the best products available on the market today.

Schumacher Electric Corporation warrants its products from the date of purchase at retail against defective material or workmanship. Our products offer a 90-day, 1-, 2-, 3- or 5-year limited warranty.

If you have any questions or concerns regarding a Schumacher product or for details on specific product warranties, please call 1-800-621-5485 and a Schumacher Representative will be able to assist you.

Manufacturers' warranties may not apply in all cases, depending on factors such as use of the product, where the product was purchased, or who you purchased the product from. Please review the warranty carefully, and contact the manufacturer if you have any questions.
