BASICS

Which app do I use?

Your new WiFi device(s) work with the **SYLVANIA Smart WiFi app**, which looks like this:

Please take care to download the **SYLVANIA Smart WiFi app**, and **not** the SYLVANIA Smart Home app:

The Smart Home app will not work with these devices.

Which voice assistants do these devices support?

Currently, these devices support Amazon Alexa, Hey Google, and Siri Shortcuts, and can work with all three simultaneously. For example, you may turn on your devices with Alexa and off with Hey Google.

Can I control it when I'm not at home?

Yes, you can remotely control your light when not at home, using the **SYLVANIA Smart WiFi app**.

SETUP: OVERVIEW

1. Open the **SYLVANIA Smart WiFi app**
2. Enter or Create Your **SYLVANIA Smart WiFi** credentials
3. Add Device
4. Turn on Device and tap **Go to add**

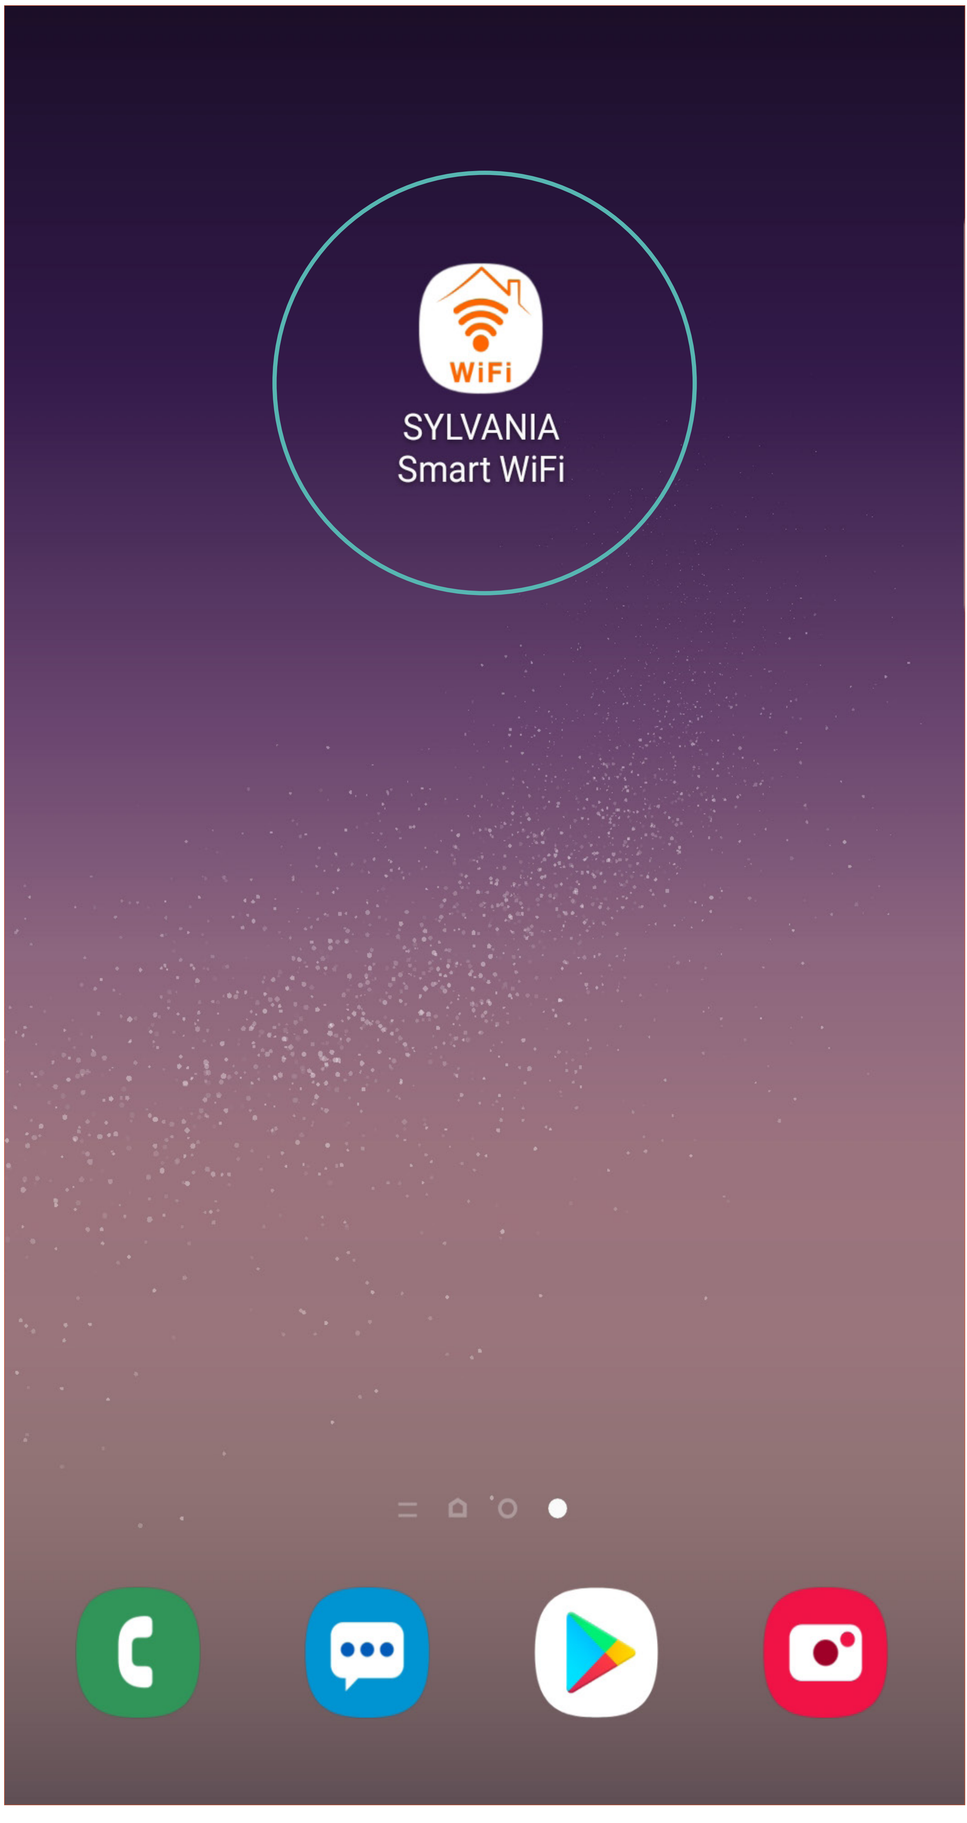

5. App Control
