Highlights

Set Your Preferred Brightness

Freely adjust the brightness of connected lights outdoors with the Tapo App or Smart assistants. Set the ambiance for any mood or activity as you want.

IP65 Rated for Water & Dust Resistance

Weatherproof and durable, Tapo P430M features an IP65 rating and can withstand temperatures from -4°F to 122°F. It's built to last in rain, snow, and extreme heat.

Highlights

Insightful Energy Tracking

Track your plug's energy use with clear and easy-to-understand stats and intuitive charts.

Take Control of Your Energy Bill

Better manage costs with flexible billing options and smart scheduling. Automatically save money by scheduling devices to turn off during inactive hours.

Features

- **Dimming Done Right** – A smoother and more comfortable dimming experience that reduces eye strain and enhances visual comfort.
- **Weatherproof and Durable** – Features weatherproof gaskets, an outdoor-rated cord, and protective coatings for long-lasting performance.
- **Energy Monitoring** – Tracks the energy use of connected devices and allows electricity rate input for bill estimates.
- **Power Protection**- Your connected device will automatically shut off when the power exceeds the set threshold, protecting your household's safety.
- **Voice Control**- Free up your hands by using simple voice commands with your Alexa, Siri, Google Assistant or Samsung Bixby.
- **Overload Protection** – When the current carried by the device exceeds the set threshold, the current is automatically switched off.
- **Overheating Protection** - When the temperature is too high, the current is automatically switched off to reduce the risk of overheating.
- **Set Schedules** - Use schedules to switch your outdoor lighting on and off on a schedule to save energy and have total automation.
- **Matter Certified** – Integrate Matter-certified Tapo devices with other Matter end products into your preferred ecosystem.
- **Remote Control** – Instantly turn connected devices on/off from wherever you are through the Tapo app.

Specifications

Working Status

Rating: 125V~60Hz 300W INC, 150W LED
