Sharing valuable products to those who need them

Q
A

Does this come with all the upper and lower o-rings for installation?
As you can see, the o-rings are already installed on the top and bottom of each injector, so there is no need to purchase separately.

Q
A

After I receive a new fuel injector, do I need to clean the hole of the lower fuel injector before using it?
Yes, Make sure to clean out injector holes before installing new fuel injectors!

Q
A

How Can I be Sure That This Model Is Right For Me?
You can enter your car model on fitment to confirm whether it matches.

Q
A

How can I con-tact you if I encounter a problem with the wrong model?
You can send us a message directly, and we will definitely help solve the problem. This is our service-oriented purpose.

Q
A

What is the buyer experience?
As long as you install everything correctly these injectors fit perfectly. So far theyre working as expected, will update if there's any issues.
