

Binding Voice Assistants Guide

Since the device only supports 2.4G Wi-Fi connection, please ensure that the mobile phone and the device are connected under 2.4G Wi-Fi simultaneously.

How to Connect Gosund Devices to Alexa

Note:

1. Please download the Amazon Alexa APP before connecting, and make sure that the Alexa account is successfully logged in.

2. Make sure that the Alexa speaker and the device to be bound are powered on and connected to the Wi-Fi network.

Method 1: Bind quickly via Gosund APP

1. Open the Gosund APP, click "Me" in the lower right corner, and then click the "Alexa" icon in the "Third-Party Voice Services" menu.

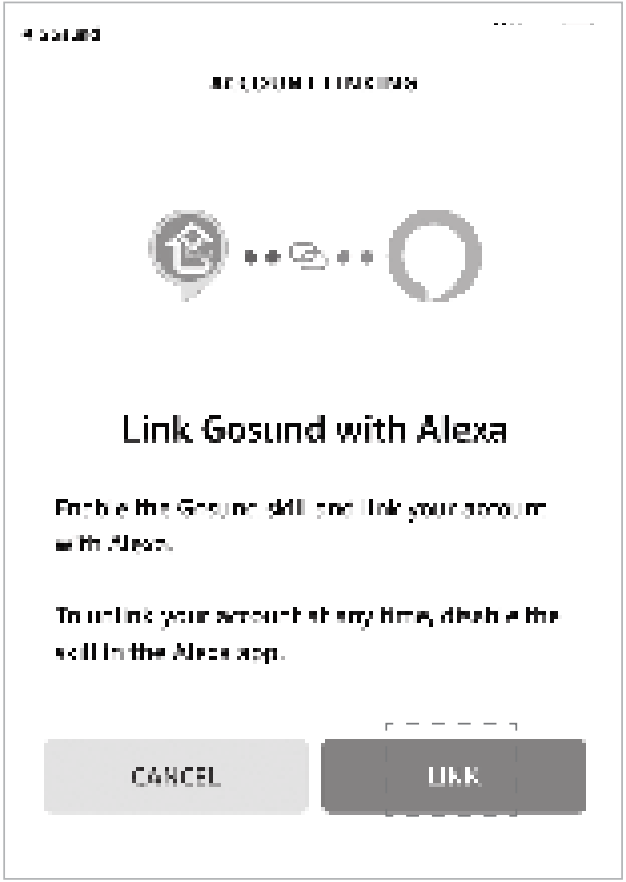

Note: Please update the APP to version 3.22.5 or above.

2. Click " Sign In With Amazon" at the bottom of the page.

3. Click "LINK" at the bottom of the page.

4. Alexa, increase air conditioner by 3 degrees.

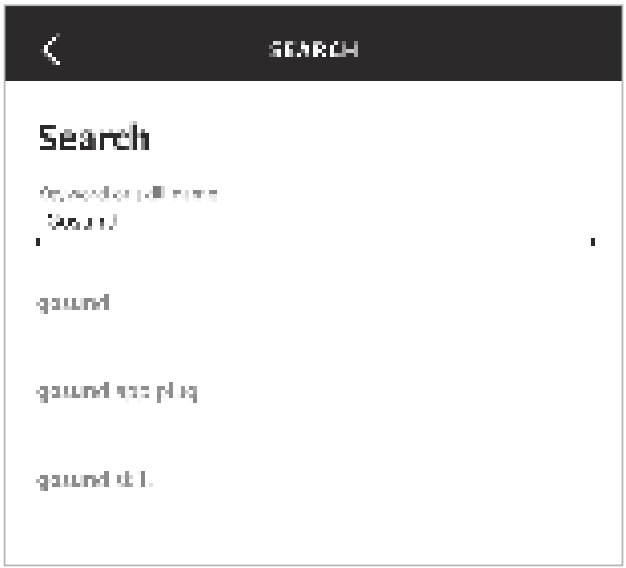

Method 2: Add skills via Alexa APP

1. Open Amazon Alexa APP and select “skills& Games”, as shown in the figure below.

2. Click “Search” icon and enter “Gosund”, as shown in the following figure.

3. Find "Gosund", click "Enable To Use" and sign in to your Gosund account to enable the skill.
